#### What is Education Horowhenua?

Education Horowhenua is a collective of agencies spanning the Education sector, one of seven groups that make up Horowhenua's Community Wellbeing Structure

The group meets regularly as a forum to:

- Establish and nurture a collective impact vision for wellbeing through education
- Coordinate initiatives, identify gaps and plan strategically to strengthen the provision of Education
- Provide a vehicle for Council and government agencies to interact strategically and operationally with education service providers
- Take leadership in accounting for every student in our district

Subscribing to a collective impact model of success, Education Horowhenua puts the student at the forefront of its thinking.

### How can I get involved?

It takes a community to raise a child. You can take a stand and get involved in a multitude of ways, from volunteering at a kindergarten or at Te Takere, standing as a trustee for a school board. Young learners have excellent opportunities too, such as Youth Voice, our district Youth Council.
