3. The specific provisions of the Proposed District Plan that my submission relates to are as follows: (*Please specify the Rule, Policy or Map number your submission relates to*)

....

Residential zone permitted activities. There is no provision for primary production activities.   Given that Council recently rezoned about 50ha in the vicinity of Roslyn Road, creating enough land for at least 50 years residential development, land owners need to be able to farm the land, change farm uses if necessary and erect farm buildings without having to engage in expensive and time-consuming resource consents.   The existing use provisions of the RMA are far from satisfactory for land that will continue to be farmed for decades into the future...
