# Chief Executive's Report to 7 August 2017

File No.: 17/355

## 1. Purpose

To present to the Foxton Community Board, for information, issues relating to the Foxton Community Board area.

## 2. Recommendation

- 2.1 That Report 17/355 Chief Executive's Report to 7 August 2017 be received.
- 2.2 That this matter or decision be recognised as not significant in terms of s76 of the Local Government Act 2002.

## 3. Issues for Consideration

### 3.1 Te Awahou Nieuwe Stroom

The construction of Te Awahou Nieuwe Stroom is pretty much completed internally with approximately a week's worth of carpentry, paint finishing left to complete and carpet laying on the mezzanine floor to be completed. Window treatments will be installed shortly.

The heating and cooling system has been commissioned. Te Papa have installed data loggers to monitor the climate conditions prior to the release of any artefacts from their collection.

The fit-out of Oranjehof and Piriharakeke Generation Inspiration Centre is progressing each day. Much of the cabinetry and furniture is made off-site, delivered and installed. The Tasman Tableau in the Abel Tasman has been mounted and tiled onto the wall. This is a significant and large art work that looks incredible. Within the Piriharakeke Generation Inspiration Centre the whakapapa installation is underway along with the development of the Te Reo pod.

The children's area, public computer stations, seating and shelving for the library area are gradually being delivered to site. The Home and Belonging pod is in place. Within the Home and Belonging area there will be a continuous film of people from Foxton talking about why they call Te Awahou/Foxton home.

Landscaping and external site work has commenced and you will be able to see this taking shape.

Two community workshops have been held on tourism opportunities and planning for the future.

The announcement of the \$1,026,450.00 from the Ministry of Culture and Heritage is a welcome addition to the overall funding. In making this grant, government is recognising the regional infrastructure goals of this project and commends the strong community, Iwi and Dutch partnerships which have made this project possible.

### 3.2 **Foxton Main Street Upgrade Project**

Work is progressing in Foxton Main St according to schedule. There has been a slight delay in the supply of UFB ducting to be installed on the west side of Main St. This will not affect the overall timeframe, as work on the east side of Main St north of Whyte St has been brought forwards.

A brief description of the next four week's programme is below:

#### Week of 24/07/17

- Kerb and channel on west side to be poured from Wharf St to the garden area opposite Whyte St intersection.
- Existing kerb and channel on east side north of Whyte St to be demolished and prep work for new kerb and channel to begin
- Garden planting at Whyte St intersection

#### Week of 31/07/17

- Construction of paved and garden area opposite Whyte St
- Preparation of kerb and channel on east side of Main St north of Whyte St will continue
- Stormwater work will begin around the Clyde St intersection
- Water lateral and valve replacement work will continue

#### Week of 07/08/17

- UFB ducting installation on the west side of Main St north of Wharf St
- Footpath work on west side of Main St north of Wharf St
- Kerb and Channel will be poured on east side of Main St north of Whyte St
- Stormwater work will be completed around Clyde St intersection

#### Week of 14/08/17

- Footpath will be sealed on west side of Main St from Wharf St to the garden area opposite Whyte St
- Water lateral and valve replacement will continue

### 3.3 **Flooding Issues – Foxton and Foxton Beach**

At the 26 June 2017 Community Board meeting Council undertook to provide, free of charge, sandbags for properties affected by flooding as an interim measure until a longer term solution was identified.

Three people have taken Council up on that offer and sandbags have now been provided to a property in Foxton (30 sandbags), and two properties in Seabury Avenue (10 and 20 sandbags respectively).

### 3.4 **Foxton Water Update**

The Foxton water quality problem has been resolved.

The Foxton Beach Greensand Media trial has been successful and a quote for a full-scale plant is awaited.

### 3.5 **Foxton Wastewater Treatment Plant Hearing**

Officers have received the Ngati Raukawa proposal as it relates to the Foxton Wastewater Discharge Consent and the Head of Agreement that they want to have with HDC. The proposal has been reviewed and Officers are working on a counter proposal which will separate the Foxton Project from the Heads of Agreement which is organisational wide.

### 3.6 **Potential Landscape Improvements – Seaview and Ihakara Gardens**

Officers are considering potential landscape improvements at Seaview and Ihakara Gardens to complement the landscape works going on at Te Awahou and Main Street. Officers are talking to Iwi and other stakeholders concerning the potential works and will bring a report back to FCB should talks prove constructive.

### 3.7 **Bid to Host the NZ Community Boards' Conference - May 2019**

Following his return from the 2017 NZ Community Board's Conference, the Board Chair expressed the desire for a bid to be made for the Foxton Community Board to host the next Community Boards' Conference in May 2019. **Attached**, for Board Members' information, is the proposal that has been submitted.

### 3.8 **Coronation Hall**

Coronation Hall in Foxton is currently leased by the MAVtech Trust from Horowhenua District Council for \$100 per annum. The lease expires on 01.10.2020. The building is classified as earthquake prone achieving only 20% of the New Building Standard (NBS) for an IL2 structure (normal building use). It has been estimated the cost of seismic strengthening would be in the region of \$85,000 (not including detailed design and consent fees). This would achieve an estimated NBS of 34%. Engineers have advised it is impossible to achieve a higher NBS rating on the building without significant demolition and rebuilding of the hall.

The Coronation Hall has been subject to several condition surveys over recent years and other works that will be required within a ten year timeframe include: \$120,000 for reroofing; \$90,000 is required for additional waterproofing; and approximately \$125,000 for other renewals. Therefore capital investment required over the next ten years is estimated to be \$418,000 or approximately \$42,000 per annum.

Maintenance costs were \$17,842 in 2014-2015; \$4,065 in 2015-2016; and are estimated at \$4,104 for 2016-2017.

Council has agreed to engage Workshop e to develop a concept plan for the hall and museum and will facilitate jointly with MAVTech a feasibility study.

3.9 **Response to the Board's Submission to the Horizons Regional Council 2017-18 Annual Plan**

Horizons Regional Council's response is **attached** for Members' information.

3.10 **Foxton Beach Freeholding Account**

**Attached** to this report is a copy of the updated Foxton Beach Freeholding Fund projected forecast as at 30 June 2017.

**Horowhenua**  
DISTRICT COUNCIL

# NZ Community Boards Conference May 2019

Horowhenua District Council Bid to Host

# *Nau Mai Haere Mai*

**With unspoilt beaches, melting ocean sunsets, rivers, lush open spaces, villages and friendly people – the Horowhenua holds secrets you only dare dream about.**

Thriving communities with iconic styles create a population of nearly 32,000 – nestled between the magnificent Tararua Ranges and the beaches of the Tasman Sea.

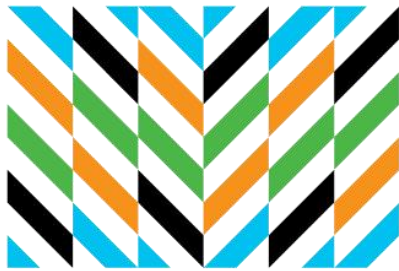

This picturesque region is a destination where you'll find miles of farmland, bush, rivers, lakes, parks and reserves – the perfect outdoor playground.

All complemented by diverse cultures and heritage stories that you will encounter and that will enrich your life.

Your stay here will be made complete with fresh, local produce, vineyards, wonderful accommodation options and friendly, relaxed people.

“Horowhenua stretches from the mountains to the sea.”

## Te Awahou Nieuwe Stroom

**Galleries | Cafés | Shops | Local  
Heritage | Great Outdoors |  
Hands-On Experiences**

Formerly one of New Zealand's heritage towns, famed for its flax trade, Te Awahou Foxton is now home to a new multi-cultural tourism centre which brings together Iwi Māori, local heritage and the Dutch community.

Situated just off State Highway One on the banks of the Manawatu River the centre offers an exciting range of activities and caters to the whole family.

The Centre extends from Foxton's Main Street to the river's edge. A place where you'll find an exciting mix of recreational and heritage based attractions and experiences, cafes and shops.

**Opening this November is  
Te Awahou Nieuwe Stroom** – a major new cultural tourism and community facility.

Te Awahou Nieuwe Stroom – meaning the new stream – is a bold new initiative which came

about through partnership between the Horowhenua District Council, and two Trusts representing local Iwi Māori and the national Dutch community.

An innovative cultural tourism centre and community hub, Te Awahou Nieuwe Stroom is a place where visitors can interact with the stories of three distinctive communities that have connections to Foxton – Iwi Māori (Ngāti Raukawa ki te Tonga), the Dutch community and the local community.

Te Awahou Nieuwe Stroom has been designed to accommodate performances, dances, musical events and boutique conferences; and is home to:

- **Piriharakeke Generation Inspiration Centre** – a local Iwi Māori exhibition centre representing stories of Ngāti Raukawa ki te Tonga (Ngāti Raukawa of the South)
- **Oranjestad Dutch Connection Centre** – New Zealand's National Dutch Museum and Cultural Centre
- **Foxton Hub** – the Heritage Centre, library and living room for the Foxton community
- **A temporary** gallery with changing exhibitions
- **The Foxton I-Site** (Visitor Information Centre)
- **Horowhenua District Council Service Centre**
- **Bookable meeting rooms**
- **Café and retail outlets.**

An attractive and unique venue Te Awahou Nieuwe Stroom is an ideal platform for hosting such an event as the NZ Community Board's Conference; with modern, spacious facilities, break-out rooms and the best technology available (including audio induction/hearing loops and Wi-Fi).

A distinctive space, Te Awahou Nieuwe Stroom will take any cocktail party and dining experience to an enriching level – allowing delegates as they mix and mingle to wander through the history, immersing in the stories and taonga of many peoples of the Horowhenua.

# Space.

## *Foyer*

Plenary sessions / welcome drinks / dinner  
Theatre style plus dining - seating capacity : 200-250  
Projection wall

## *Break Out Spaces*

Located on Mezzanine of Te Awahou Nieuwe Stroom  
(3 spaces have kitchenettes)

1. Theatre style - seating capacity : 70  
Tables : 1800x900 x 4
2. Theatre style - seating capacity : 28  
(Kitchenette)
3. Theatre style seating capacity : 36  
(Kitchenette)
4. Theatre style seating capacity : 36
5. Theatre style seating capacity : 50  
(Kitchenette)

# stay.

As is the diversity of the Horowhenua, so is the range of accommodation for every budget and comfort level – from 4-star hotels and motels to BookaBach options.

Alternatively, only a 30 minute scenic drive to Foxton the city of Palmerston North offers a diverse range of accommodation as well.

- Accommodation Gateway Motel

# On the Move.

Conveniently located right on State Highways 1 and 57 the Horowhenua is within easy reach of Palmerston North, Kāpiti Coast and Wellington airports.

## Palmerston North Airport

 Palmerston North Airport is the main flight hub to the Horowhenua region.

 48 minutes drive to Foxton  
38 minutes drive to Levin

 Six (6) rental car agencies operate from Palmerston North Airport (Avis, Hertz, Budget, Europcar, Thrifty, Rent a Dent).

Alternatively, a pleasant coastal and rural drive from either Kapiti Coast Airport or Wellington International Airport will lead you to the Horowhenua.

## Kapiti Coast Airport

 36 minutes drive to Levin  
51 minutes drive to Foxton

 Kapiti Coast Shuttles can transport you to your destination anywhere between Foxton and Wellington, including Levin, Waikanae, Paraparaumu and Porirua.

 Two (2) on-site rental car services operate from Kapiti Coast Airport (Rent Me Rentals, Can Do Rentals).

## Wellington International Airport

 1 hour 20 minutes drive to Levin  
1 hour 40 minutes drive to Foxton

 Seven (7) on-site rental car services operate from Wellington International Airport (Avis, Hertz, Ezi Car, Europcar, Thrifty, Enterprise, Budget).

Note that the district's taxi/shuttle service operates from a Levin base.

# Discover.

*Horowhenua – secret of the side road.*

**There is plenty to do and see.  
Something for everyone.  
An adventure play ground.  
A sporting and cultural haven.**

**Foxton** – the oldest settlement in the Horowhenua – has a grand history and still retains some of that old world charm.

The establishment of Te Awahou Nieuwe Stroom will encompass the numerous unique attractions of the area, but visitors will be equally drawn to the many walking trails and cycleways on offer, the Manawatu River for boating and kayaking, the Estuary which is a RAMSAR-protected international wetland, and another of our iconic coastal settlements, Foxton Beach.

West of Foxton you'll find Shannon, the boutique shopping mecca of the Horowhenua. North of Shannon you will find the small settlements of Opiki and Tokomaru with their own story to tell.

A swift 15 minutes south of Foxton and you'll be welcomed to the hub of the Horowhenua – the relaxed country-town-paced **Levin** – an interesting

and diverse place surrounded by horticultural and farming areas and within easy reach of lakes, rivers, mountain ranges and beaches to enjoy and explore. Such is one of the best-kept secrets of the North Island's west coast, Waitarere Beach.

Part of the national Te Araroa Walkway network and the perfect adventure playground, Tararua Forest offers a variety of tramping, walking, hunting and mountain biking opportunities for all ages and abilities.

Further south, with its bohemian feel, Waikawa Beach is renowned for whitebaiting and its sheltered waters. Inland, the settlement of Manakau offers a gentle pace of life from an age gone. Just a little further north, you will come to Ohau, home of one of the country's finest and fastest growing wineries.

So don't just pass by, stop in and see us – take a turn down a side road and discover a secret or two.

# Yes.

The host Council to provide \$5000 seeding funds for the conference.

This has been agreed to by Chief Executive David Clapperton, Horowhenua District Council.

Any profit generated from the conference is split 50/50 with CBEC but any losses (there has been a small profit from the last three conferences) is borne by the host Council.

This has been agreed to by Chief Executive David Clapperton, Horowhenua District Council.

The host Council entering into a contract with CBEC setting out the respective responsibilities of each party.

This has been agreed to by Chief Executive David Clapperton, Horowhenua District Council.

Dear Sir/ Madam

### SUBMISSION TO 2017-18 ANNUAL PLAN

Thank you for your submission to Horizons Regional Council's 2017-18 Annual Plan.

This year we received 116 submissions, all of which were carefully considered by Council. It is always a challenge to balance the diverse concerns and interests in our Region, the submission process is an important one for Councillors to better understand the views of the people they represent.

Your submission to Council's 2017-18 Annual Plan related to:

#### River and Drainage Schemes

Horizons is continuing to work closely with the Horowhenua District Council (HDC) around drainage/flood protection improvements for Foxton Township. HDC are the lead agency in this process and both councils hope to outline measures to address this issue in the near future. This work may drive the need for potential improvement works intended for inclusion (and consultation) when Horizons updates its Long-term Plan.

If you would like to discuss this response further, please contact Ramon Strong, Group Manager River Management via email: [ramon.strong@horizons.govt.nz](mailto:ramon.strong@horizons.govt.nz).

#### Water Quality and Quantity

Thank you for your submission requesting the ongoing support of the Save of River Trust and the Wildlife Foxton Trust. While the Annual Plan does not specifically mention funding for either of these groups, Council has adopted the budgets for water quantity and quality (including the Manawatu River Leaders' Accord budgets) without any changes to that proposed. Similarly the increases for the Biosecurity and Biodiversity management budgets have also been adopted by Council.

If you would like to discuss this response further, please contact Jon Roygard, Group Manager Natural Resources and Partnerships via email [jon.roygard@horizons.govt.nz](mailto:jon.roygard@horizons.govt.nz).

**Transport**

In reply to your submission, Council acknowledges and thank submitters for their support to provide funding to the Rescue Helicopter. It is acknowledged that although this is not a function or service derived from the Land Transport Management Act, there is a region-wide benefit from the service operating. It should be noted that funding of the helicopter would not be eligible for subsidy from the New Zealand Transport Agency and as such, all costs would fall to the Horizons' ratepayer. After careful consideration, Council made the decision to not fund the rescue helicopter.

If you would like to discuss this response further, please contact Ged Shirley, Group Manager Regional Services and Information via email [ged.shirley@horizons.govt.nz](mailto:ged.shirley@horizons.govt.nz).

The 2017-18 Annual Plan is available via our website [www.horizons.govt.nz/publications-feedback/publications/annual-plans](http://www.horizons.govt.nz/publications-feedback/publications/annual-plans). If you would like a hardcopy or disc version of the Plan, please contact our Customer Services Team on freephone 0508 800 800.

Yours sincerely

Michael McCartney
