## WHAT OTHER PROJECTS OR IDEAS SHOULD COUNCIL BE CONSIDERING FOR 2018/19 AND BEYOND

(refer to page 11 to see the list Council is currently focusing on. Do you agree with what we have identified? What else could we look into?)

Footpaths are required in Stout Street up past Presbyterian Church to corner, Footpath renewal across the road between Vum - Vogel Street. These are urgent as more mobility scooter, wheelchair and pram / push chair access vital.

Topic 1: Shared Pathways	
Options for Shared Pathways:	Option 3: Allocate \$250,000 to shared pathways for 2017/18
Reasons why this is your preferred option for Shared Pathways:	<p>The Horowhenua has been behind most other New Zealand districts in developing and promoting 'shared pathways' as positive and viable activities for all . A significant amount of work has gone into bringing this opportunity further up the priority list for HDC, who have now adopted a strategy and allocated resource.</p> <p>The benefits to the Horowhenua in developing a district-wide network are huge. From connecting our own communities and potentially more widely to adjacent districts, both locals and visitors alike will be able to access the beauty of the Horowhenua and value the physical and social benefits of being out and about in our great place.</p>

Question	Response
	<p>The economic development potential is also great as interest and use of the network grows. New and existing businesses such as bike hire, cafes and accommodation will evolve to service these new activities. This will create training and employment opportunities.</p> <p>To progress the Shared Pathway Network significant investment is required. Whilst there are potentially some other external funding streams for specific pathway projects, I urge Council to allocate \$250,000 for 2017/2018 to maximise the speed at which our pathways can be delivered to our quickly growing population.</p>

(refer to page 11 to see the list Council is currently focusing on. Do you agree with what we have identified? What else could we look into?)

Need to develop a land-fill strategy that understood  
by and supported by a majority of the ratepayers.
