

The Draft Horowhenua Growth Strategy 2040 contains District Growth objectives that cover off principles relating to:

- Settlements
- Streets and Movement
- Rural
- Open Space
- Infrastructure

Have we got these right?

Is there something else we should include?

What are your thoughts on the proposed growth areas in each location?
Are there more suitable growth areas?

Foxton Beach

Foxton / Te Awahou

Tokomaru

Levin / Taitoko north

Levin / Taitoko south

(please note we are also proposing an industrial growth area for Levin south east).

Waitārere Beach

Ōhau

Manakau

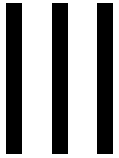

Waikawa Beach

Council believes there is enough land zoned residential in Shannon, Hōkio Beach and Mangaore to accommodate growth for the time being.

Do you think we've got this assumption about right?

If you have any other comments you can make them here.
