I, Charles Rudd, do not accept the two belated submissions by default.

Rules give Structure

Structure gives Purpose

Purpose gives Meaning

A week after a closure date, I can accept.
But anything after that. NO!

I question these belated submitters as,
so call professionals?

Tikanga Maori?

As far as I am aware,
both parties did not call a Hui a Hapu /
Hui a Iwi on the subject matter of the
proposed Waitare Growth Area Plan Change,
to discuss any issues.

Such as, who has Mana whenua Status?

Whom does those Maori named places
belong to, what tribe?

What is the REAL historical stories and
the REAL why's of those Maori named
places, etc; etc; etc;

Therefore how can any Commission
believe in the relevance of the
belated submissions of the two parties

I can completely understand if they MAY have real concern for the Environment, under the rules of Tikanga Maori, if that is so ?

But they cannot use the Articles of the Treaty of Waitangi 1840, if they did not go back to the Maori people.

I also have concerns if the objects of their belated submissions may be to acquire what is termed (under the table funding) from the Horowhenua District Councils and other parties, in reference to:

Cultural Assessment Impact Reports?

MOU's ?

MOP's ?

Note: I do have serious concerns to the waterways and environment in that area, related to what the belated submitters are saying.

At the end of the day, it is the decision makers who have the final say, unless !

Naku noa na.
