

Taraika Master Plan

Ways that connect to the rest of Levin (over O2NL)

Local community and educational services at the centre.

A walking, cycleway and ecological corridor to Waiopehu Reserve.

A high-quality streetscape

Integration with future roading (O2NL) infrastructure.

Variety and choice of housing.

A network of parks and open space.

This Plan shows the O2NL corridor. While it shows features such as a road alignment, interchange, and local road connections, these are illustrative only and shown to demonstrate desired outcomes only. No decisions have been made about any of these features. All decisions made regarding O2NL will be made by Waka Kotahi (NZTA).

- Key**
- A - Village Centre
 - B - Future Education Site
 - C - Recreational Amenities
 - D - Vehicle bridge with shared path
 - E - Pedestrian and cycle bridge
 - F - O2NL Interchange
