

Horowhenua District Licensing Committee

Uncontested Applications Decision

Authority

The functions, powers and duties as the District Licensing Committee is delegated to the committee chairperson where no objection has been filed, and no matters of opposition have been raised by the Police, Medical Officer of Health, and Inspector, in respect of the following application:

- an application for variation of conditions of a Club Licence – Levin Club Inc

Statutory Provisions

- Section 191(2) of the Sale and Supply of Alcohol Act 2012 (The Act)
- Council resolution dated 4 December 2013
- There is no Local Alcohol Policy in place

Summary of Evidence

Reports from Police and Medical Officer of Health, and an Inspector appointed under the Act do not oppose the issue of the application. Council's Liquor Licensing Inspector raised concerns with regards to Section 105(1)(h) of the Act as a result of previous noise complaints from events at the premises. Due to these concerns being raised, the District Licensing Committee took the opportunity to speak with the applicant to gain further information. Based on the information provided to me on the complete files, I have determined not to convene public hearing.

Evaluation of Evidence

I have considered this application on the basis of the reports received where no objections have been raised, and noted that there have also been no public objection. In considering whether to grant the variation to the conditions of the club licence I have also considered the criteria set out in Section 120 of the Act.

Decision and Reasons

All reports are satisfactory and no objections have been raised to the granting of a variation to the conditions of the club licence. I therefore conclude there is no reason not to grant this application. Therefore I determine that the application be granted as follows by way of Decision Number **97/2017**, subject to the discretionary conditions outlined below:

Discretionary Conditions

- The licensee must lodge a final copy of the noise management plan with the Secretary prior to the issue of the licence with the variation to conditions.
- The licensee must at all times comply with the noise management plan for the premises.
- Club management need to ensure that any verbal warning or written notice issued by Council's noise control contactor is complied with immediately.
