Building & Planning Approval for Licenced Premises

All new licence applications will also require an Application for Building & Planning Approval for Licenced Premises to be completed. This does not apply to conveyances.

This application will be reviewed by Building Officers and Resource Management Planners to ensure that the proposed use of the premises for the sale of alcohol meets the requirements of the Building Act 2004 and Resource Management Act 1991. It must be approved before a new licence application can be processed, however both forms may be submitted at the same time if desired.

The fee for an Application for Building & Planning Approval (also called a Certificate of Compliance New Liquor Licence) is separate from the new licence application fee.

Local Alcohol Policy

Horowhenua District Council's Local Alcohol Policy (LAP) provides local guidance to the Council's District Licensing Committee in deciding whether to issue or renew a licence.

The LAP enables the District Licensing Committee to:

- Limit the location of licensed premises, for example near schools or churches
- Limit the number of licensed premises in particular areas
- Set the maximum trading hours for licensed premises in the District
- Impose or recommend conditions for licences

The goal of LAP is to ensure that licensing decisions:

- Contribute to Horowhenua being a safe and healthy district
- Reflect the values, preferences and needs of the local community
- Encourage licensed environments that foster positive, responsible drinking behaviour and minimise alcohol-related harm

Applicants will need to be aware of the conditions set out in the Local Alcohol Policy and, in particular, the limits on maximum trading hours for licenced premises.

Application Fee

The fee is determined by a cost/risk rating. The cost/risk rating is the sum of the highest applicable score. A score is determined by: the type of premises; the latest alcohol sales time; and the number of recent enforcement actions
