Response - Official Information Request

I refer to your request for information received on 11/10/2021. Your request has been considered under the Local Government Official Information and Meetings Act 1987 (LGOIMA) and I provide the following information.

- 1. A list of all facilities, as well as administrative & miscellaneous buildings owned or administered by your Council that burn fossil fuels or that are heated by fossil fuels burned offsite (for example, in an energy centre that supplies heat to your facility), with a breakdown for each such facility of fossil fuel type, region, size of heat plant (MW), CO2 emissions, and any Discharge to Air consents held for this activity.**

Council facilities utilising fossil fuels (natural gas and diesel) are listed below. Maximum energy output across all sites equates to 2.23 Mw. Council does not monitor its CO2 emissions from these facilities and there are no known Discharge to Air consents required or managed for the facilities concerned.
