To: repreview
Subject: Submission

Do you agree with the name change to 'Te Awahou Foxton Community Board'?

No I don't, I think the Dutch element should be added similar to the new building in Foxton township

I agree with everything else.

Thanks

Graeme

8 September 2021

***Submission to Horowhenua District Council
seeking amendment of the proposed
Representation Review 2021***

Status of Submitter

I am the 'owner/occupier' of a modest 1960 bungalow in the Playford Park neighbourhood of Levin. This has been my home continuously from 1982 to the present day.

It is for the dependant ageing people of our communities and the younger low to middle income households of Levin, Foxton, Foxton Beach and other 'urban' localities that I offer my personal and conscientious observations. Hopefully, these brief comments will indicate my understanding of local government, 'smaller district' representation realities on the one hand and, perhaps more importantly, my personal empathy with the real life experiences and vulnerable financial circumstances of so many of my peers, particularly those resident in Levin.

I look to Council to recognise the worsening 'inequality' endemic within our urban communities. We need an enlightened review as an initial step toward an outcome which will deliver us direct engagement, effective representation and demonstrated accountability. While I applaud the intention to provide increased representation for Maori, the basis of the review offers little change from the outdated model introduced in 1989 which, over the course of time, has marginalised the interests of Levin.

In the middle 1900's Levin was a buoyant and economically thriving Borough recognised as the hub for infrastructural services extending into the southern reaches of the Kapiti Coast. In light industrial enterprises it had a close relationship with the Hutt Valley and its import substitution industries. Subsequent adoption of international 'free trade' and the 1989 amalgamation of Local Government which ended our direct relationship with the burgeoning Kapiti Coast; has seen Levin slide incrementally toward impoverishment and some of the worst household deprivation statistics in New Zealand.

If this undesirable trend is to be reversed Levin needs to re-establish an economic relationship with Greater Wellington and the proposal for our representation arrangement demands a much more imaginative revision.

I support the objective behind the proposal to introduce a Maori ward. But, if we are to encourage effective representation and 'voter' participation with four Iwi in our district, I doubt the necessary coverage will be provided with only one elected representative.

Further, I cannot agree the proposed configuration of Wards will achieve Council's obligation to facilitate 'community of interest' and, I strongly object to the discriminatory provision for local 'public' participation, inherent in continued limitation of Community Boards to only Foxton and Foxton Beach.

Strengthening Council's proposal

I wish to see this 'long-awaited' recognition of Maori made significantly more effective, closely connected with provisions to introduce much needed dynamism for Levin.

Would not the alternative proposal, depicted in Appendix No. 1, better align with the immediate objectives of Council being the vital rebuilding of the urban economy and, the likely reorganisation of district boundaries arising from government's 'Three Waters' amalgamations and Greater Wellington's 'Spatial Plan 2050'?

I suggest this 'alternative proposal' utilises the tools provided in the relevant legislation and Local Government Commission's guidelines to result in a consistent and more logical construction of an 'election model' that addresses the challenges arising from future growth driven by population pressures from the district's southern, metropolitan neighbours.

Further, as electors on both Maori and General rolls seek more sophisticated utilisation of their latent local political influence, it will facilitate campaign outcomes which reflect the changing population demographics and 'communities of interest'. The 'council proposal' presently under 'consultation' is demonstratively weak in terms of effective Maori representation.

Submitter's Qualifications

Born in Whanganui in 1937 I moved with my family at an early age and grew up in the Hutt Valley suburb of Taita. My secondary education was gained at Hutt Valley High School, leaving in 1952 to commence employment in the 'job rich' import substitution, production plants then dominating the Hutt Valley economy.

By the early 1960's I had progressed to a junior management role in the New Zealand arm of a British-based, world leading, safety-glass producer. At that time the Government driven 'Group Housing Scheme' was well advanced and in combination with government's National Regional Development programme, potential Hutt Valley home 'first home' buyers were encouraged to relocate to one or other of Invercargill, Levin or Whangarei on the promise of cheaper houses and plentiful light manufacturing employment.

My employer, in 1964, encouraged me to move with my family to Whangarei where they had invested in establishing a 'heavy industrial' sheet glass production unit. As head of sales and marketing I was responsible for client relationships, product distributional logistics and development of export markets.

My contribution to the Whangarei community included a long period as President of the Whangarei and North Auckland Chambers of Commerce including the province's representation on the national council of New Zealand Chambers of Commerce.

By 1982 my children had begun to move away from Northland in their own search for paid employment and my wife and I decided to move closer to our Hutt Valley connections by relocating to Levin.

In these past 40 years my main contribution to my community has been as a voluntary advocate with the Grey Power organisation for whom I act as a Life Member and Special Projects Director.

I am a life member of Grey Power New Zealand Federation. During a little more than the decade leading up to my retirement from the role early last year I have been primarily responsible for advocacy with Government and research agencies related to maintaining New Zealand Superannuation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lew Rohloff', with a stylized, cursive script.

Lew Rohloff

Submitter's 'Mixed' Proposal – Ward Representation

Ward	Population	Members	Population per member
Rural Ward (KereKere, Miranui, Waiopehu)	15,559	2	7,780
Urban Ward (Levin)	15,461	2	7,731
Maori Ward (Name to be decided by Maori consensus)	5,060	2	2,530
Total	36,080	6	6,013

Submitter's 'Mixed' Proposal – 'At Large' Representation

Ward	Population	Members	Population per member
Horowhenua (elected from both General and Maori rolls)	36,080	4	9,020

Submitter's Proposal – Community Boards ^{*1}

Community Boards	Population	Members	Population per member
Rural	15,559	3	5,197
Urban	15,461	3	5,154
Maori	5,061	3	1,687

¹ **Community Boards** reflecting 'communities of interest' which effectively provides a forum for determination of 'community interest' and formal reference to Council.

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **I feel the small settlement of tokomaru is already ignored, combining our representation in with other communities will exacerbate this issue. We pay high rates like everyone else but struggle to be heard in our requests for things as simple as footpaths on our streets.**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better):

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward?

What do you think the name should be for the newly established Māori Ward?

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **With Foxton having an established community board, I think Foxton's needs and ability to provide representation for their own views/ needs will eclipse the needs/ views of those of Miranui ward. I think that brushing over both areas with "rural" as a category is too broad - after all, Tokomaru & Opiki didn't even want to remain as "Horowhenua". I think the current set up is better than the proposed, especially given the recent rates consultation spoke of future development - the same is likely for KereKere and Miranui, particularly around housing.**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **I support retaining the board and the name change. I do not support having one member of this board to represent a combined Kerekere-Miranui area as I stated earlier. For the areas being subsumed in to this identity (Shannon, Tokomaru), those areas appear to lose representation and as stated earlier, are eclipsed by Foxton/ Foxton beach.**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **Whakaiti**

What do you think the name should be for the newly established Māori Ward? **Should be developed in consultation with local iwi.**

Additional Comments

Please identify any additional comments you have on the Representation Review Initial Proposal Document:

It seems that in total, the number of roles reduces only by one. Retaining the current model with one additional councilor shouldn't make a significant difference to being effective and responsive? Dealing with complex and diverse views from complex and diverse communities is tricky but important - reducing representation to enable decision making seems like an easy way out. Inclusivity shouldn't be "ticked" now there is a Maori ward and councilor, it's a good & progressive move but still more to be done, for other communities too e.g. disabled.

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **You are removing a councillor from my ward AND combining my ward with another in order to create a new district wide ward. How is this fair for our growing towns representation? Why can't you take a councillor from the already over represented Levin ward? Saying that Foxton and Foxton Beach are rural is a disgrace and not justification to reduce our representation.**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **The community board is toothless and achieves nothing for our community. It purely represents business interests.**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward?

What do you think the name should be for the newly established Māori Ward?

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **Why make it 8 councillors and 1 Maori ward when you currently have 10. You are proposing to take away the Miranui ward and amalgamate Shannon, Tokomaru and Opiki with Foxton ward. Why not just have 10 and let Miranui stay. Basically, you're taking away Miranui's representation. We already don't get heard. This will mean we will be put on the back further.**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **And yet again actual Miranui area miss out on going on a board. If it's run out of Foxton they will push their agendas before they push ours in Shannon, Tokomaru and Opiki. Once again Tokomaru and Opiki are seen as nothing to the council. Take our rates and do nothing. Now you're trying to shut us up completely.**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **NO WAY. You helped stop Tokomaru and Opiki from moving into Palmerston North now you're taking away our representation. Foxton will have their own agenda and that will have priority over Tokomaru and Opiki.**

What do you think the name should be for the newly established Māori Ward? **Dont know.**

Additional Comments

Please identify any additional comments you have on the Representation Review Initial Proposal Document:

As per all my other comments. I'm not impressed that you have the ability to keep 10 councillors ut choose to make it nine and take away any hope of Tokomaru and Opiki from having representation whatsoever. I think it is appalling that this proposal has happed not long after it was confirmed that Tokomaru and Opiki couldn't go to Palmerston North. Tokomaru and Opki have a hard enough job getting things done in the community now we won't get a single thing.

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **We have owned our home in tokomaru for 2 years now in that time we have seen a considerable amount of problems that have arose to no avail of the council. Our rates have skyrocketed to pay for repairs to levin due to flooding etc but what about tokomaru we have just as much if not more of a problem with these issues in my opinion we need our own representative to address our concerns and help bring this little slice of paradise back to a place worth living in**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **Keep separate representatives**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **Not fussed**

What do you think the name should be for the newly established Māori Ward?

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better):

Number of wards: I am opposing brining Kere Kere and Miranui ward together. The needs of both communities are very different (coastal to hill farming) and can not be represented by the same councilor
Alternative: Keep both wards with a councilor each

Number of Councilors: I am not sure to leave the representation of Maori to one councilor, the area is big and needs vary. I'd like to see 2 councilors from different regions and the extra place could come from Levin.

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better):

I am opposing the combining of Kere Kere and Miranui wards, so cannot support the proposal as it is.

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward?

What do you think the name should be for the newly established Māori Ward? **That should be decided by the community who it represents, I am not on the Maori role and don't think I should have a say in this.**

Additional Comments

Please identify any additional comments you have on the Representation Review Initial Proposal Document:

Our Miranui ward is paying high rates and is getting very few return. Horowhenua either needs to make efforts to link us (bus, schools, shops, healthcare) to Levin or let us go to our current center, Palmerston North.

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **I oppose the proposed representation arrangements because the one Māori Ward in Horowhenua has a disproportionate amount of people to represent when compared with other seats. For example, the Māori seat has to represent around 1,365 more people than a member representing Waiopēhu). I strongly believe there should be at least two Māori seats. There are two major iwi being Raukawa and Muaūpoko in the district and the seating arrangements should recognise this.**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **The proposed representation arrangements does not consider any of the local hapū within the rohe.**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **It would make sense to have one seat for each to ensure both Miranui and Kere Kere always have a seat at the table. With the proposed structure, two people from Foxton Beach and a person on the Māori role from Levin could be elected leaving Miranui with no one to represent them.**

What do you think the name should be for the newly established Māori Ward? **Two seats - Raukawa and Muaūpoko**

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **This is already a forgone conclusion. The council has made its decision and is using smoke and mirrors to make it appear that this has been a democratic process, much like the "democratic" way you gained information on the creation of Maori wards by specifically targetting those on the Maori electorate. This is an absolute farce.**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **As above.**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **I dont think it should be joined. By joining the wards you minimize the voices within those communities and put the power with the beaurocrats who only speak for themselves. as highlighted above, this is a foregone conclusion and by allowing us peasants to speak is lip service at best.**

What do you think the name should be for the newly established Māori Ward? **The undemocratic ward of whatever**

Additional Comments

Please identify any additional comments you have on the Representation Review Initial Proposal Document:

If this were truly democratic, you would of consulted all constituents and not just cherry picked those that would support it. I and many others have zero faith in this council and propose a vote of no confidence.

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **I agree with the no of wards. However There should be one person per ward elected and the rest should be at large. This way you are more likely to get better people who have no ward affiliation to represent all the Horowhenua. Sometimes there are too many very good candidates standing in the same ward and someone who would be really good for the community will miss out. At the same time you don't always get enough very good candidates in some of the (current) smaller wards.**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **I don't see why Foxton should have different representation to the rest of the Horowhenua.**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward?

What do you think the name should be for the newly established Māori Ward? **Not my field of expertise**

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **I find it ironic that having gone through a protracted secession Local Government Proposal from the "Topiki" group in the Miranui Ward, Council is now looking at marginalising the residents even further.**

Proposed representation arrangements for the Foxton Community Board: **I SUPPORT the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **Widening the boundaries of the Community Board means that more relevance and a wider voice is given to the residents in this area.**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward?

What do you think the name should be for the newly established Māori Ward? **I feel this should be a decision made by the relevant Iwi representaives from all Iwi in the Horowhenua.**

Additional Comments

Please identify any additional comments you have on the Representation Review Initial Proposal Document:

I find it baffling that while LGNZ guidelines allow for a council to have up to 14 elected councillors, HDC is looking to downsize to 9 elected members inclusive of a solitary Maori Ward representative. The workload of elected members is heavy enough as it stands without sharing the load even further, and why is there not a position for two Maori Ward councillors rather than the "token" one seat at the Council table. Horowhenua is a high growth area and this is the opportunity to encourage involvement at the Council table by increasing the number of elected members - not decreasing. While changing mesh blocks to include Queen St East, Gladstone Road, Tararua Rd, Arapaepae Roads into the Levin Ward the prospect of one less representative for what is a high growth area is puzzling! The premise that up to approx. 5,000 will enrol in the Maori Ward is an unknown as there may be many who remain voting in their existing wards. After followed the secession process initiated by a group of Tokomaru/Opiki ratepayers in the past two years which was unsuccessful in their bid to join the Palmerston North City Council, I now find it puzzling as to why Council would look to marginalise them further by joining Miranui Ward with the Kere Kere Ward and provide even less representation!

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections

Please tell us why (and include any alternative you think could work better)

① More questions than answers. ② Breach of Te Tiriti o Waitangi of 1840. ③ Racist numbers game.

* What happens here, if the proposed 3 Waters comes into effect?

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections - Please tell us why (and include any alternative you think could work better)

Because there is no Community Boards for Levin, Shannon, Waitarere and Hoki, Waikawa Beaches as well as Manukau.

* Damned if we do, damned if we don't?

Do you agree with combining the Kere Kere and Miranui Wards? ☐ Yes ☒ No

What do you think the name should be for the combined Kere Kere-Miranui Ward?

Manipulation: The answer is in the question: Leading a horse to water.

What do you think the name should be for the newly established Māori Ward?

Historically, the Ngāi Tara/Muaupoko Tribe has already named these area's, because there is a factual story inserted.

Submission form - Te puka tāpaetanga

We want to hear your feedback on Horowhenua District Council's Representation Review through the submission process.

Submissions close 5:00pm Monday 20 September 2021.

Full Name: LOGAN WILSON

Address:

Phone number:

Organisation:

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections

Please tell us why (and include any alternative you think could work better)

I DISAGREE TO A MAORI WARD WHEN THERE ARE ALREADY SOME
ON COUNCIL - ARE THEY NOT DOING THEIR REPRESENTING ALREADY?

☒ I SUPPORT ☐ I OPPOSE the proposed representation arrangements for the Foxton Community Board,

for the 2022 elections - Please tell us why (and include any alternative you think could work better)

THE CURRENT REPRESENTATION WORKS WELL SO WHY CHANGE IT, TOO, WHAT
WILL BE THE ADDED COST OF ANY SO CALLED CHANGE

Do you agree with combining the Kere Kere and Miranui Wards? ☐ Yes ☒ No

What do you think the name should be for the combined Kere Kere-Miranui Ward?

I DO NOT THINK THERE SHOULD BE ANY CHANGE TO THE CURRENT WARDS

What do you think the name should be for the newly established Māori Ward?

Hearings

You are welcome to speak at the hearings in support of your submission – please indicate below whether you wish to do so.

Hearings are scheduled for Wednesday 6 October 2021.

☐ Yes, I do wish to speak in support of my submission ☒ No, I do not wish to speak at the hearing

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **No need for "Special" wards for any specific race, we have Maori on the council already with out "Special" treatment**

Proposed representation arrangements for the Foxton Community Board: **I SUPPORT the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better):

Do you agree with combining the Kere Kere and Miranui Wards? **Yes**

What do you think the name should be for the combined Kere Kere-Miranui Ward?

What do you think the name should be for the newly established Māori Ward? **Aparthied Ward**

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **Strongly oppose the joining of the Kere Kere ward and the Miranui ward. Leave it as it is. These communities have totally different identities and needs. Miranui will be disadvantaged.**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **Don't know enough about this to either support or oppose.**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **Oppose concept, leave as is as these communities have totally different identities. Miranui will be disadvantaged.**

What do you think the name should be for the newly established Māori Ward? **Don't mind. But communities shouldn't lose council representation due to the inclusion of a Maori ward.**

Additional Comments

Please identify any additional comments you have on the Representation Review Initial Proposal Document: **The inclusion of a Maori ward should not reduce community representation to other communities. The Miranui ward will be disadvantaged if combined with the Kere Kere ward. I have always supported HDC within my community but feel this proposal is a very negative move by council.**

Your Submission

Proposed representation arrangements for the Council: **I SUPPORT the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better):

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better):

We believe that the number of representatives on the Foxton Beach Community Board could be reduced by at least 1, perhaps 2. This would create a fairer (although still over representation) for the electors within the board area in comparison to the citizens through-out the rest of the district. This would also allow a savings to the Governance And Community Leadership vote, hence a possible reduction in cost through-out the entire District.

Do you agree with combining the Kere Kere and Miranui Wards? **Yes**

What do you think the name should be for the combined Kere Kere-Miranui Ward?

What do you think the name should be for the newly established Māori Ward? **Horowhenua Maori Ward**

Your Submission

Proposed representation arrangements for the Council: **I SUPPORT the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **We think it will improve efficiency and hopefully reduce costs.**

Proposed representation arrangements for the Foxton Community Board: **I SUPPORT the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **We are Kere Kere ward ratepayers and are strongly opposed to the expansion of the Foxton Community Board area. We believe our interests align more with the rural interests of the Kere Kere ward.**

Do you agree with combining the Kere Kere and Miranui Wards? **Yes**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **We are ambivalent, our main stipulation would be that it was bicultural i.e. was part Maori and part English**

What do you think the name should be for the newly established Māori Ward? **We are ambivalent, our main stipulation would be that it was bicultural i.e. was part Maori and part English**

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **There are significant variance in the number of electors for each role skewing the result. This sees effectively over and under representation. This is exacerbated when one takes into account the retention of the Foxton Community board. STV is the most democratic and simplest solution . The current proposal rather than simplifying and enhancing the process makes it worse.**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **The community board has relevance when the Ward is primarily comprised of Foxton, the proposed solution creates a significant imbalance in representation both perceived and actual. Former Miranui will be further marginalised and representation diluted, given the existing concerns of many within Miranui this will be seen as a form of punishment for advancing their democratic rights.**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **N/A should not proceed.**

What do you think the name should be for the newly established Māori Ward? **No preference**

Additional Comments

Please identify any additional comments you have on the Representation Review Initial Proposal Document:

Council have failed abysmally in addressing the concerns in Opiki/Tokomaru and in general the wider Miranui. To merge it with Kere Kere will be seen as an attempt to dilute dissent without remedying underlying concerns. A community does not lightly take steps for secession, failure to acknowledge and correct underlying issues, actual or perceived is gross negligence. I consider the proposal as ill conceived tinkering. I fully support and agree with the establishment of a Maori Ward (although on numbers they are seriously under represented). Rather than grasping opportunity to embark upon a more democratic and progressive future instead we are to be mired in a past of inefficiency, parochialism and lack of vision. We deserve better than this.

Privacy Act 1993

From: Heeni Collins <henimc001@gmail.com>
Sent: Monday, 20 September 2021 12:25 PM
To: Sue Hori Te Pa; David Clapperton; Te Kenehi Teira; Shane Royal; Jess Kereama; Troy Carroll; Mayor Bernie Wanden; Bridget Robson; Rob Kuiti; Anamaraea Harrison; Jack Morris
Subject: Maori ward - a plus not instead of....

Kia ora koutou,

While our Ngāti Kikopiri Maori Marae Committee Society Inc has not yet discussed this, personally I have concerns about the proposed merging of the Miranui and Kerekere wards, to make a single, extra-large ward. This would impact on the position of Robert Ketu and make such a large ward that it would be unrealistic for one person to represent it.

What we want is for the Māori ward to be in addition to the current status quo in relation to wards. I hope this meets your criteria for submissions.

Mauri ora,

Heeni Collins

Secretary, NKMMCSI

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections

Please tell us why (and include any alternative you think could work better)

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections - Please tell us why (and include any alternative you think could work better)

THIS IS POORLY WORDED - I AGREE WITH RETAINING THE FOXTON COMMUNITY BOARD BUT AM STRONGLY AGAINST ANY BOUNDARY CHANGES

Do you agree with combining the Kere Kere and Miranui Wards? ☐ Yes ☒ No

What do you think the name should be for the combined Kere Kere-Miranui Ward?

I FEEL THAT COUNCIL ALREADY CONSULTS WITH IWI ON DECISION MAKING SO I'M

What do you think the name should be for the newly established Māori Ward?

AGAINST THE SEPARATION OF A MAORI WARD. HOWEVER I FULLY SUPPORT MAORI REPRESENTATION ON COUNCIL AS AT PRESENT

Hearings

You are welcome to speak at the hearings in support of your submission – please indicate below whether you wish to do so.

Submission form - Te puka tāpaetanga

We want to hear your feedback on Horowhenua District Council's Representation Review through the submission process.

Submissions close 5:00pm Monday 20 September 2021.

Full Name: Te Kenehi Teira
 Address: 32 Avenue Road, Foxton Postal code: 4814
 Phone number: 027 - 262 - 8890 Email: kenehiteira@gmail.com
 Organisation: Ngati Ngarongo, Hinemata Land Trust, Matakara Trust.

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections

Please tell us why (and include any alternative you think could work better)

In the name of fair democratic and equitable representation
HDC should have 2 Maori Ward councillors added to the
Council

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections - Please tell us why (and include any alternative you think could work better)

The name for the new area of the Foxton Community
Board should be "Te Awahou - Te Whārangī"

Do you agree with combining the Kere Kere and Miranui Wards? ☐ Yes ☒ No

What do you think the name should be for the combined Kere Kere-Miranui Ward?

The Kerekere and Miranui Wards should not be combined.
They are two very distinctive areas. It is like combining Levin with
Palmerston North.

What do you think the name should be for the newly established Māori Ward?

The two representatives for the Maori wards should
be called Tararua Maori Ward and Manawhenua
Maori Ward.

Hearings

You are welcome to speak at the hearings in support of your submission - please indicate below whether you wish to do so.

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **Shannon has our own voice!!
Why try to fix something that isn't broken!?**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better):

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **Non existent!!!!!!**

What do you think the name should be for the newly established Māori Ward? **Hanana**

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **I grew up in Shannon, and, worked in around the Miranui ward for many years. It has always been there. It would be a travesty to lose our representation by allowing it to be incorporated into the Kerekere ward. Why change? leave things as they are!!!**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **For the same reasons as above**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **No change**

What do you think the name should be for the newly established Māori Ward? **Te Taio o te Horowhenua**

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections

Please tell us why (and include any alternative you think could work better)

This is not fair representation for Miranui we want to retain our councillors I strongly oppose this proposal, our ward is growing.

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Foxton Community Board,

for the 2022 elections - Please tell us why (and include any alternative you think could work better)

What do they do? Put that money to work that's been paid to the Community Board. Shannon can use that money to pay for netball courts & footpaths

Do you agree with combining the Kere Kere and Miranui Wards? ☐ Yes ☒ No

Fold using this dotted line

What do you think the name should be for the combined Kere Kere-Miranui Ward?

N/A

What do you think the name should be for the newly established Māori Ward?

That can be decided by nga ini o Horowhenua.

Hearings

You are welcome to speak at the hearings in support of your submission - please indicate below whether you wish to do so.

Hearings are scheduled for Wednesday 6 October 2021.

☐ Yes, I do wish to speak in support of my submission ☒ No, I do not wish to speak at the hearing

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **Combining Kerekere and Miranui i oppose, 10 councillors to 8 makes the workload more as less councillors not doing their jobs**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **Not from foxton so I can't speak for them, just don't want Miranui combined with them. Shannon/tokomaru are totally different town's.**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **No name as they should stay separate**

What do you think the name should be for the newly established Māori Ward? **Consult the Iwi for the name**

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **Because it is only beneficial to people outside of shannon. Shannon will lose it voice on council and already it seems HDC don't care about our community. Levin gets waterslides te takere adventure park,**

Foxton: pump track, niuwe stroom main street upgrade

Shannon: our own community members had to get funding and scrape for two basket ball hoops,

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better):

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward?

What do you think the name should be for the newly established Māori Ward?

We want to hear your feedback on Horowhenua District Council's Representation Review through the submission process.

Submissions close 5:00pm Monday 20 September 2021.

Full Name: Fabian Taiaroa

Address:

Phone number:

Organisation:

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections

Please tell us why (and include any alternative you think could work better)

Unfair for Shannon

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections - Please tell us why (and include any alternative you think could work better)

Over representation of Foxton - Keri Keri

Do you agree with combining the Kere Kere and Miranui Wards? ☐ Yes ☒ No

What do you think the name should be for the combined Kere Kere-Miranui Ward?

Don't want to combine

What do you think the name should be for the newly established Māori Ward?

Keep it the same

Hearings

You are welcome to speak at the hearings in support of your submission – please indicate below whether you wish to do so.

Hearings are scheduled for Wednesday 6 October 2021.

☐ Yes, I do wish to speak in support of my submission

☒ No, I do not wish to speak at the hearing

Full Name:

David Ketu

Address:

Phone number:

Organisation:

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections

Please tell us why (and include any alternative you think could work better)

Unfair representation of Miranui ward as Kere Kere has bigger population so votes would be in favour of Kere Kere. Unfair.

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections - Please tell us why (and include any alternative you think could work better)

Kere Kere already has 2 councilors, why do they need a community board as well? Over repre

Do you agree with combining the Kere Kere and Miranui Wards? ☐ Yes ☒ No

What do you think the name should be for the combined Kere Kere-Miranui Ward?

There should not be one.

What do you think the name should be for the newly established Māori Ward?

None. Silly idea to combine these wards.

Hearings

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **I think Waiopahu Ward should have one representative instead of merging Miranui and Kerekere wards.
Miranui and Kerekere wards are unique communities and require their own representation.
All other ideas must be considered instead of the proposal to merge the wards, which I believe is to their detriment.**

Proposed representation arrangements for the Foxton Community Board: **I SUPPORT the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better):

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **Kere Kere Ward and Miranui Ward is what they should be called. No combining. Nope.**

What do you think the name should be for the newly established Māori Ward? **Iwi consultation**

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections

Please tell us why (and include any alternative you think could work better)

I support the establishment of a Maori Ward, but oppose the combination of the Miranui and Kerekere Wards

There will still only be 2 representatives for the new ward selected by the FPP system. This is fraught with potential for bias. Changing the electoral system to STV will largely negate the risk of such a bias.

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Foxton Community Board,

for the 2022 elections - Please tell us why (and include any alternative you think could work better)

The proposed combination of Miranui and Kerekere Wards on the basis that they align as 'communities of interest' reflect a deep misunderstanding of these two communities. Maintaining the Foxton Community Board heavily weighs the interest towards Kerekere Ward and ignores the presence of the settlements of Shannon and Tokomaru as strong communities steeped in their own history and alignments.

Do you agree with combining the Kere Kere and Miranui Wards? ☐ Yes ☒ No

What do you think the name should be for the combined Kere Kere-Miranui Ward?

Not relevant in view of my opposition to this

What do you think the name should be for the newly established Māori Ward?

Not relevant at this stage of the considerations

Hearings

You are welcome to speak at the hearings in support of your submission – please indicate below whether you wish to do so.

Hearings are scheduled for Wednesday 6 October 2021.

☒ Yes, I do wish to speak in support of my submission

From: Vanessa Hayward <vgh372@yahoo.co.nz>
Sent: Saturday, 18 September 2021 11:18 AM
To: repreview
Subject: submission

Hi

I am unhappy about Opiki being lumped with Foxton and Shannon. Our views are already ignored by council and this will only make matters worse.

I pay just under \$1400 in rates and get nothing for it, no sewage, no water, no rubbish collection, no footpaths, no streetlights and no library. The communities you are lumping us with have these services.

vanessa Hayward

Horowhenua District Council Representation Review

Sue-Ann Russell

33 Andrews Street

Foxton Beach

Email Sueann100@hotmail.com

Question 1

I oppose the proposed Representation Arrangements for the council for the 2022 elections.

At the moment we have 9 councillors, 1 Mayor and one placeholder for a Māori ward representation, there is no data to show population per ward for the present situation.

My opinion is to have 1 councillor for Kere Kere Ward, 1 for Miranui Ward and 2 Māori Ward representatives.

Why? Because the area is too large for one Māori ward representative to cover adequately, with many Māori view points in the area of Horowhenua. Having only one Māori Ward Councillor will set them up to fail within both their Own communities and the council forum. The position for one Māori Ward Councillor will not give that person enough time to present topics and Hui with each Marae.

Question 2

I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections.

The name change to 'Te Awahou Foxton Community Board', is unnecessary, and the general public are confused enough over its purpose and boundaries as it is.

I SUPPORT the proposed representation arrangements for the Foxton Community Board, for the 2022 elections –

I support the boundary change, as presented by the Foxton Community Board, to the council by Tricia Metcalf. This would enable more people in the area to vote for representatives and make decisions that affect the whole area of Foxton and Foxton Beach and not just part of it as it is at present.

Question 3

Do you agree with combining the Kere Kere and Miranui Wards? Yes No What do you think the name should be for the combined Kere Kere-Miranui Ward?

No I do not want to see the two wards combined as they have different needs. Tokomaru and Opiki need better representation than can be possible with a combined ward. I do think the Kere Kere Ward only needs 1 council representative. This will be supported by having 2 Māori Ward representatives.

Leave the Wards of Kere Kere and Miranui the same as they are at present. Also the boundaries do not need to be changed, they should be kept the same as they are at present.

Question 4

What do you think the name should be for the newly established Māori Ward?

I think the Māori Ward representative should decide on the name to give it significance to the people they present and not imposed by the present council members.

Yes, I do wish to speak in support of my submission

Submission form - Te puka tāpaetanga

We want to hear your feedback on Horowhenua District Council's Representation Review through the submission process.

Submissions close 5:00pm Monday 20 September 2021. 06 October 2021

Full Name: Brent Prouting

Address:

Phone number:

Organisation:

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections
Please tell us why (and include any alternative you think could work better)

Because Miranui will lose its representative.
We'll have no voice.

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Foxton Community Board,
for the 2022 elections - Please tell us why (and include any alternative you think could work better)

They only represent the interest of Foxton
Communities

Do you agree with combining the Kere Kere and Miranui Wards? ☐ Yes ☒ No

What do you think the name should be for the combined Kere Kere-Miranui Ward?

What do you think the name should be for the newly established Māori Ward?

No

We want to hear your feedback on Horowhenua District Council's Representation Review through the submission process.

Submissions close 5:00pm Monday 20 September 2021.

Full Name: **JOHANNES VISEUR**

Address:

Phone number:

Organisation:

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections

Please tell us why (and include any alternative you think could work better)

*Leave the wards as they are with 1 member each.
but will allow each ward to have a representative or voice*

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections - Please tell us why (and include any alternative you think could work better)

*No problem with renaming board. Representation should comprise
of a member of each ward including Maori representation which will be 5 total*

Do you agree with combining the Kere Kere and Miranui Wards? ☐ Yes ☒ No

What do you think the name should be for the combined Kere Kere-Miranui Ward?

They should stay as they are as there is no financial advantage for combining.

What do you think the name should be for the newly established Māori Ward?

Call it the Horowhenua ward as that is what it is

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **I do not agree with the combining of these wards especially putting Kere-Kere- Miranui together as there has been no proper community consultation or involvement prior to this proposal being put together. It's like the situation has been manufactured in the fast lane. Maori and significate Hapu have been left out of the equation. GO BACK and get the significate Hapu to really have their say right at the beginning - not just tokenism! I believe Kere-Kere- Miranui should have three members - taking one out from Levin and Waiopehu, however it is not my role to say - communicate with the local hapu in the area**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **Levin and Waiopehu should be given five members as opposed to six**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **Definitely not - these two areas should keep their own wards separate -but again go back and consult to the local hapu in their communities - stop the tokenism**

What do you think the name should be for the newly established Māori Ward? **Again consult with the local iwi, hapu of the areas - its not for just anybody else to say! Be respectful**

Additional Comments

Please identify any additional comments you have on the Representation Review Initial Proposal Document:

Please go back too the local iwi, hapu of the area and consult with their leaders in the different communities and do not pit each other against the other. Have some respect. If your proposal has been done with good intention to open the floor and listen to its people mainly those local iwi and hapu of the areas, and that they can have proper consultation then maybe it can be corrected. At this point its been a fast with one view "Our (council) representation review proposal" being superior of all!

Attach any other comments:

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **If anything. The council shall remain at the same number and then add a Maori ward to that number. If the main board has an equal number than 11 would be the mayor. Cutting the numbers never helps anyone. Maori deserve to be represented at their town level and withon the council. This is not two bites at the cherry. One vote is in acknowledgement of the town I grew up in. Shannon. Born and breed. So Mirinui will always be my ward. I also recall all of our past mayors. Yes. Mayor Mr Bob Vinsen. How can I let that go? That would be disrespectful. . The second vote is to have a combined Maori Voice. As guranteed through the treaty of Waitangi. I believe we have been a good treaty partner. Have you???**

Proposed representation arrangements for the Foxton Community Board: **I SUPPORT the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **Why is there only one community board being represented? Why not others??**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **Name of wards should remain the same**

What do you think the name should be for the newly established Māori Ward? **Kore. Nothing**

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **Shannon needs to retain it's own representation so that it's needs are met. There are already a lot of barrier for Shannon locals to have their concerns addressed. The area also has seperate resources such as the water supply and its important that maintaining and managing these resources continues to be prioritised. We must not lose our representation. Having no representative seems unjustified given the size of our population in relation to that of places like Foxton who will retain their representation.**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **As above**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward?

What do you think the name should be for the newly established Māori Ward?

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **We need appropriate representation for all wards, so you are able to ensure you are providing the help, resources and updates/improvements/infrastructure in the correct towns and for the right purposes.**

Helping each town will then encourage more residential housing to be built, which means more pūtea for all.

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **Currently over represented by population**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **Don't think it should be combined in the first place. Already the smallest in representation why make it smaller?**

What do you think the name should be for the newly established Māori Ward? **Consult with local iwi**

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **I oppose the proposed representation arrangements for the Council as:**

- * it will NOT provide inclusiveness and collaborative decision,**
- * workload will increase with less councillors, and**
- * remuneration is irrelevant as it would be based on the interests of the needs of the community, not the interest of viable councillors.**

Currently there is evidence of disparity between these two wards with significant economic investment in the Kere Kere Ward compared to Miranui Ward. This evidence includes recent investment in the township revitalisation programme (as part of the Provincial Growth Fund) and general improvements which includes the funding and opening of Te Awahou Nieuwe Community Centre – a good collaboration of Māori and Dutch communities. Kere Kere also has the advantage of having the Foxton Community Board whose interest will always be for the Kere Kere Ward. To suggest that they would change under the proposed structure would be short-sighted.

Like many of the towns in the Horowhenua region, The Miranui Ward specifically the Shannon township is seeing significant interest from out-of-town property buyers. Of the larger towns in Horowhenua (pop. Over 1000, i.e. Foxton, Foxton Beach, Levin, and Shannon), Shannon has the biggest growth in house property over 2 years suggesting that the township has become a viable proposition, based on house values compared to other towns in Horowhenua and property land size, proximity to Palmerston North and

Levin, it is on the rail network providing community options to Wellington vs car and bus. Proposed building development for the township will contribute to its growth which means significant investment will be required to promote and upgrade the shops on the main thoroughfare of the township. The township has historical significance which includes the Mangahao Hydro Dam, the Manawatu River and neighbouring Marae, the railway station and historical architecture buildings. This will require a dedicated councillor voice to lobby the towns and its neighbours interest which is unlikely to be happen under the new structure.

Two alternatives to consider:

- Maintain status quo of two separate Wards – Kere Kere and Miranui.
- Combine the two Wards (Kere Kere – Miranui) with two members – 1 member to be selected from Kere Kere the other from Miranui and both councillors are to work collaboratively to ensure that both Wards are fairly represented.

Proposed representation arrangements for the Foxton Community Board:

I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better):

I am unaware of the historical background of the Foxton Community Board, so my feedback, questions are based on the information provided in the proposal 2021 document.

- I support the retention of the Community Board.
- Oppose the name unless consulted and approved by manawhenua.
- Support board of 5 members.
- Two members from Kere Kere – Miranui to be appointed, not one.

Why is it called Foxton, when Community Board represents all the Wards? Even with the name change this suggests unequitable representation – consultation with manawhenua should be sought regarding the name change and all elected members should be represented from all 5 wards plus the Māori Ward.

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **My preference is not to combine Kere Kere - Miranui Ward, unless there is a resolution that sees two representatives that support each of the Wards - 1 from Kere Kere, 1 from Miranui.**

What do you think the name should be for the newly established Māori Ward? **Consult with Manawhenua.**

Additional Comments

Please identify any additional comments you have on the Representation Review Initial Proposal Document:

The current proposal is intended to represent community interests, fairly and equitable. However this will not be the case if you reduce the number of councillors that represent the current Ward representatives i.e. Miranui, and also retaining the current name of the "Foxton" Community Board which already suggests that decisions will and have been unequitable to other Wards.

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **If this goes ahead, there will be less representation for the Shannon area , therefore less will be spent on infrastructure and maintenance.**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better):

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward?

What do you think the name should be for the newly established Māori Ward?

Hearing of Submissions

You're welcome to speak to the hearings in support of your submission – please indicate below whether you wish to do so.

Hearings are scheduled for Wednesday 20 October 2021.

Hearings: **Yes, I do wish to be heard in support of my submission**

In formulating this submission, I have carefully considered the following: written information, such as the 11th of August Council Agenda pp.61-74 and minutes pp.6-9, the proposal itself, the 2019 Review of Community Boards by the Remuneration Authority, statistics, discussions with the mayor and some elected councillors (Robert, Jo, Victoria, Sam and David) and listened to the views of Ngāti Whakareta representatives and local residents in the Miranui Ward. I take the task of submitting seriously and try to be as informed as possible.

I oppose the proposed representation arrangements for the Council, for the 2022 elections.

I oppose the proposed representation arrangements for the Foxton Community Board.

I do not agree with combining the Kere Kere and Miranui Wards.

I think any name choice for the newly established Māori Ward should go to Iwi for consultation.

I do wish to speak in support of my submission.

I also wish to express my appreciation of the Council extending the consultation period from the 20th of September to the 6th October, enabling more residents to better understand the proposal and potential implications, and hopefully submit their views and engage in the feedback process.

➤ Number of Wards:

1. I believe Council should retain the same number of Wards and elected members as present and, therefore, have two additional Māori Ward councillors. Looking at the options outlined in the agenda on the 11th of August my preference would have been for 1B. Whilst I appreciate this does not fit the +/- 10% requirement, it was one option originally presented for consideration. I would have preferred a different option that shifted the mesh blocks to enable a more equitable representation across the district whilst retaining the current distinct Wards with their own communities of interest. However, I appreciate mesh blocks can only be shifted on whole and not divided, so this is challenging.
2. All elected members I had the chance to discuss this proposal with impressed on me how they have never been so busy, and I have no reason to disbelieve them. I am also mindful of the Three Waters Reform workload, Review into the Future for Local Government and the Resource Management Act being replaced by the Natural and Built Environments Act, Strategic Planning Act and Climate Change Adaptation Act, plus numerous other regular meetings, copious reading, and tasks. Additionally, we have no idea about potential Covid lockdowns and impact on communities as this is an ever-evolving situation. Logically, to me, if I were a councillor in these circumstances, I would want more help with this increased workload in the form of additional councillors and not more money (which would occur as the remuneration pool is split across designated councillors, with weighting for responsibilities). As well as having more people to spread the workload across and cover for any leave required, an additional bonus of an increased number of councillors would be the additional variety, both in terms of demographics such as age, gender, ethnicity, as well as life experiences and different talents and skills, to enhance the diversity of elected members. Under no circumstances would I ever want lack of remuneration to be a barrier for individuals to choose to stand to be elected and I appreciate the three-year term insecurity and need for income is crucial for some people. However, I have studied the current remuneration amounts and even accounting for two more

councillors, believe that the current hourly rate (if estimated and broken down) is well above the current living wage (depending on how many hours elected members choose to work in their Council role of course) and besides, honestly, who chooses to stand for council because they want the money, surely it's because you want to make a positive difference in the lives of residents and District, to improve from the last generation and leave a legacy for the next generation to improve on, unless following a 'career politician' route maybe. I imagine there would be way easier ways to earn that same amount of money with better job security and less stress. So, my question to all elected members is: do you prioritise a higher remuneration over having more colleagues to share the workload with? Of course, over time, as has been noted at the pop-ins, due to national legislative alterations, this workload may decrease, even significantly so. If this is the case and councillors found themselves working many less hours, then maybe that would be the optimal time to consider the best number of councillors required, but not now, when the workload is higher than ever.

3. I am unclear as to who decided the Kere Kere and Miranui Wards align as communities of interest as they are both rural, when I know more people in the mesh block south of Miranui that align with Miranui than those from the Kere Kere Ward. I believe Shannon, Ōpiki and Tokomaru feel very distinctly a sense of 'Miranui' identity, Northeast of the District. We even know within Miranui there are very distinct communities with their own identities, which brings specific representation challenges. As opposed to Foxton, Foxton Beach and rural Kere Kere, (although appreciate some of those residents in the South of the Ward may feel more affiliated with Northern Waiopehu), having that Northwest of the District identity. As Council are proposing this Kere Kere-Miranui Ward amalgamation I would have liked current councillors from the Kere Kere Ward to have attended the HDC organised pop-in session on the 27th of September and Community Led Development Hui on the 30th of September both in Shannon to discuss this with the residents likely most impacted by the proposal. It was encouraging to see Ross and David at Tokomaru on the 30th and get a chance to discuss this proposal at least with David. I appreciate the mayor's objective of all councillors working across all the district and there have been times in the last two years when Bernie, Jo, Victoria, and Sam too, once I believe, have visited Shannon in council capacity (apologies to any other elected members if they have visited too and I missed this). I don't mean the drive around in the van to see the parks and footpaths etc., as important as that is, I mean meeting the residents and getting to understand the Miranui communities, our hopes and desires (as, indeed, a process relevant to all communities in the district). I will note we have appreciated elected members visiting us on the 27th and 30th September to discuss this proposal and the honesty with which they have expressed that this is currently aspirational and "we need to do this better". If this model of working were to occur in the future, maybe even alongside other forms of representation with trusted functional local entities, such as Progressive Associations (I believe there are some highly functional models of this working in certain locations in the District already) that represent specific communities of interest, then I could maybe see a more valid reasoning for less elected members but, again, the optimal time for this to be altered would be when systems and processes are established and highly functional, not aspirational. As already discussed at pop-ins, HDC could assist communities across the whole District regarding community capacity and support in setting up effective representation entities having close working relationships with elected members. I also believe there are examples of this occurring in the district already, such as Waitārere Beach, Waikawa Beach and Foxton Beach Progressive Associations / organisations, so always good to learn from best practice if already happening.

4. This proposed amalgamation of Kere Kere and Miranui, I believe, is skewed in favour of Kere Kere, this is not a roughly similar combination with two Wards of similar populations. The number on the general electoral roll for Kere Kere and Miranui are 5480 and 2840 respectively, not quite twice as many in Kere Kere, but not far off it and if Foxton Beach continues with its relatively high population growth rate (7.18% between 2018-2020) this is going to be further heightened. Rather than an amalgamation or combination it feels more like Miranui being subsumed by Kere Kere, or being 'swallowed up', 'losing our voice', this is the feedback I am hearing over and over from residents. Concerning representation, Kere Kere is already the elite area of the whole District (as discussed below), so I hope elected members fully understand this very real fear residents in Miranui have.

5. I have extremely little knowledge as to if the Levin Ward residents are concerned about the number of elected councillors in that Ward reducing from 5 to 4 but suspect if they care this would be reflected in attendance at the pop-in sessions and by the submissions Council receive.

➤ Māori Ward councillor/s:

Currently there is no way of knowing how many residents will be on the Māori electoral roll next election and I understand we must use current statistics. Given the district-wide role and number of marae to engage with, I imagine this would be a huge undertaking for one person, with the possibility of being quite isolated among peers, should no other Māori councillors be elected from the general electoral Wards. If there were a guaranteed two Māori councillors then they would have at least each other for support, as well as peers in the same roles in other Councils, plus be able to cover each other for leave purposes. This is especially relevant with the Review into the Future for Local Government aiming to 'actively embody the treaty partnership'.

➤ Foxton Community Board:

1. I understand at this review the retention of Foxton Community Board is not being considered.

2. Therefore, on this basis, I believe any name change to Te Awahou Foxton Community Board, should be discussed with the Iwi and communities concerned, as should the boundary changes.

3. However, I strongly want to lodge my disappointment that abolishing the Foxton Community Board is not up for consideration in this and every Representation Review. As the cost of \$206, 247 p.a. (\$139, 713 indirect costs and \$66, 534 direct costs) is funded from general rates across the whole District I think the retention or abolishment of it should be in every Representation Review. This is a significant amount of funding from general rates and the whole District is paying for skewed representation in one area. Why is this even happening? Why are the ratepayers across the district not aggrieved? (Except in Foxton / Foxton Beach who may feel this is of benefit for them; although as I pointed out below, if

one in Shannon and not elsewhere I would not be happy with that for sure, even if I felt I was receiving better representation, because this is inequitable).

4. I firmly believe that the Foxton Community Board should be abolished, or similar Community Boards established across the whole District in the interest of equity. This is about fairness, nothing personal here, I met David the other day for the first time and do not know the other members. I have no idea whatsoever how effective the Foxton / Foxton Beach communities believe the Board to be, but, as a ratepayer who funds this governance cost, I am very keen to know this, not just hearsay, but robust research. Nor is this personal to Foxton / Foxton Beach, should such a Community Board exist in Levin or even Shannon, trust me, I would be saying the same thing. I abhor the injustice of such blatantly skewed representation. The possible exceptions in the district may be the far outlying rural locations, such as Ōhau, Waikawa Beach, Manakau, Tokomaru and Ōpiki. I can see that they theoretically may have more valid reasons for wanting such representation and be able to present a case for the existence of them there. Obviously, there has been some historical genesis to this uneven representation, maybe to do with harbour board significant funding and control of this, but surely there is another solution to be able to manage this appropriately, rather than this inequality at the cost of all ratepayers in the district. So, if you live in Foxton or Foxton Beach not only do you have the two Kere Kere Ward councillors representing you, you also have five Foxton Community Board members being paid to represent your interests too, whereas if you live in Shannon, Tokomaru, Ōpiki and rural surround you currently have one Ward councillor (rightly so, as lower population) but Council are proposing to take that one away and abolish your Ward boundaries.
5. I appreciate that a central government agency may review the functions, representation levels and associated characteristics of Community Boards nationally, as there are inconsistencies, which may lead to legally mandated changes about providing fairness and consistency to ratepayers between and within councils, but surely Horowhenua District Council does not have to wait until central government act, surely we can explore what is best for the whole district, as opposed to biased representation for one area in it. I have heard differing views as to if central government intervention would lead to an increase in the number of Community Boards nationally or decrease (currently the trend is a decrease, from 144 in 2008 to 108 in 2019, but combined 'super cities' / larger territorial authorities may lead to Community Boards with increased responsibilities too) but either way, we need to be mindful of the costs of having it / them and mindful of equity issues within our own District.

Thank you for taking the time to read my submission.

Sharon Williams

Organis

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections

Please tell us why (and include any alternative you think could work better)

You state that these changes 'will provide the ability to be inclusive' how is that when you plan to take the voice from Miranui which will exclude us completely - why not take one of the Levin wards? maintain everyone's voice.

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Foxton Community Board,

for the 2022 elections - Please tell us why (and include any alternative you think could work better)

Keep Miranui and Kerekere separate and remove one of the Levin representatives this will maintain an inclusive representation

Do you agree with combining the Kere Kere and Miranui Wards? ☐ Yes ☒ No

Fold using this dotted line

What do you think the name should be for the combined Kere Kere-Miranui Ward?

Why would you remove the only representative for Miranui we need a voice to represent us.

What do you think the name should be for the newly established Māori Ward?

N/A

Hearings

You are welcome to speak at the hearings in support of your submission - please indicate below whether you wish to do so.

Hearings are scheduled for Wednesday 6 October 2021.

☐ Yes, I do wish to speak in support of my submission ☐ No, I do not wish to speak at the hearing

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections

Please tell us why (and include any alternative you think could work better)

All wards won't be fairly recognized, the needs of their community won't be supported properly.

☐ I SUPPORT ☒ I OPPOSE the proposed representation arrangements for the Foxton Community Board,

for the 2022 elections - Please tell us why (and include any alternative you think could work better)

We need more than 1 Māori ~~repres~~ Councillor, use ethnicity & the numbers will speak for themselves

Do you agree with combining the Kere Kere and Miranui Wards? ☐ Yes ☒ No

Fold using this dotted line

What do you think the name should be for the combined Kere Kere-Miranui Ward?

What do you think the name should be for the newly established Māori Ward?

2021 Representation Review Submission Companion Document

By Xan Remnant, Shannon Progressive Association Inc. (Chairman)

Section 1 - Representation arrangements for the Council, for the 2022 elections.

When I first heard about the upcoming representation review, where the preferred option was to reduce the number of councillors by amalgamating the Kere Kere and Miranui wards and losing a councillor, my first reaction was a knee-jerk one like many within the Miranui boundaries. Therefore, the idea of maintaining the status quo in regards to wards and simply adding as many Maori ward councillors as needed was definitely seen as the only acceptable option.

Understandably, it is still viewed this way by many of those within the ward. So it will come as no surprise that the council will likely receive a large quantity of submissions from the Miranui ward stating this as their preferred option. As the idea of losing a councillor that is dedicated to the area, suggests to them that their representation will suffer. This is something that I completely agree with. Therefore, I urge the HDC to take these submissions seriously, at least in terms of the overall desire of the community wanting to retain a councillor.

However, after reading through a number of council documents and speaking to a number of councillors and the mayor, at the recent "drop-in" meetings in Shannon and Foxton, I have come to appreciate the nuances and complexities of the requirements when balancing the wards in terms of the +/- 10% rule of the Local Electoral Act 2001.

This lead me to have a look at the 2018 discussion document. Here I discovered an approach at the top of page 15 that suggested that going for three wards with a combined Kere Kere / Miranui ward, while still keeping three councillors in this new combined ward (and the same number in total) was a fair and balanced approach. I looked upon this as being a good compromise for the Miranui area, as the chances of the voting population of Shannon being able to elect a favoured councillor is dramatically improved, over just having two for the combined ward.

Having also spoken with a member of the Foxton Community Board at the Foxton "drop-in", I found out this is their board's preferred approach too, therefore it suggests to me that this arrangement has some merit. Unfortunately, further investigation revealed that this option tends towards being unworkable once the Maori ward(s) are taken into account.

This is shown in the HDC Open Agenda document of 11 August 2021, where a modified version of the 2018 proposal that I mention, essentially becomes proposal "1C" which shows a minor over-representation and under-representation of the combined Kere Kere / Miranui and Waiopahu wards respectively.

Could these minor infringements be tolerated under the amendment to the Local Electoral Act of 2013? One way of improving things here would be to modify this proposal to also feature a combined Levin / Waiopahu ward. This results in a deviation of this combined ward of just 4.54%, which is well within the target 10%. And this is where we come to something very interesting - a two ward system where effectively there is a ward dedicated to the south of the district and one for the north. Maybe this is worth consideration?

A similar result can be obtained by taking proposal "1F" and modifying it to combine the Kere Kere / Miranui wards. Which also then leaves the deviation of this combined ward at around -10.6%.

I believe that this deviation (a similar amount evident in both these proposals) should be tolerated for the combined Kere Kere / Miranui ward as there has always been a feeling in the north of the existing Miranui ward that it is not well represented. This suggests the numbers themselves don't take into account the way the population will be distributed within this new combined ward. So to err on the side of over-representation doesn't sound like a bad idea for this

overall area of the district. Especially when the outstanding amount is less than 1% of the limit.

Should any of these possibilities receive any consideration, it would naturally be up to the Levin & Waiopahu ward councillors and voting population to make up their own minds as to whether it would be better to amalgamate their wards, such as in my modified version of proposal "1C" or to redraw the boundaries as in the case of an altered version of proposal "1F". I cannot speak further on this as my interests are centred in the Miranui & Kere Kere wards.

To sum up then, I believe that working with these proposals (modified versions of "1C" and "1F") to ultimately keep the total number of general councillors the same, while combining the Kere Kere and Miranui wards is the best compromise between what the people of the Miranui want and what is needed to make the wards as compliant as possible in this current representation review.

Also, I realise that to make this happen it requires the addition of two Maori ward councillors. I see this a good thing in reality, because I don't believe that one person could work effectively if they have to spread themselves over the whole district, covering all the Iwi of the Horowhenua. It will probably be difficult even with two, but two is better than one in my view.

Section 2 - Representation arrangements for the Foxton Community Board

I support the Foxton Community Board's retention. I don't feel the name really needs to be changed if the current incarnation is maintained, but it would certainly need to be and also carefully considered, if there was any movement towards something similar to what I am about to propose.

One issue that has been constantly mentioned to me about the Foxton Community Board is the cost of maintaining it. It seems that one possibility that would allow the ratepayers to get more "value" out of this board would be to extend it's boundaries and allow it to serve a wider area.

At this point I must disclose that I have not researched the finer points of the legalities of how this board is allowed to operate, so my views here will be largely that of an uninformed lay-person. Nevertheless, it to seems to me that expanding the territory of this board to ultimately cover the entire Kere Kere / Miranui combined ward - should this eventuate - would be a fantastic opportunity for an improvement to the representation afforded to the north of the district.

I am speaking particularly here in the cases of Tokomaru and Opiki, who feel under-represented even in the current Miranui ward, with Shannon being seen as the "big fish" - a description that I am sure will amuse many of the Shannon denizens.

Naturally, this would mean that voting would be taken from the entire ward and even if Tokomaru or Opiki residents aren't successful in electing one of their people onto the board, it would still function as another forum for them to get their voices heard. Indeed it would have this function for anyone, anywhere in the ward.

Essentially then, roughly looking at the south of the district (Levin / Waiopahu), this would be represented by up to seven councillors, depending on the final system adopted. Then in the north of the district (Kere Kere / Miranui), there would be representation by up to three councillors plus a community board. This arrangement looks like an excellent overall balance in representation when taking into account the larger population of the south and the distributed settlements of the north.

Before I leave this section, it was also mentioned to me how councillors can serve the needs of not just the wards they are elected in, but to other areas as

well. I agree with this. This seems to be a common view and is naturally possible by how mobile people are nowadays and the improved methods of communication we enjoy. And I also believe the various Progressive Associations, of which there are a fair number throughout the district now, have an important role to play in terms of representing the communities they serve moving forward.

Section 3 - What do you think the name should be for the combined Kere Kere / Miranui Ward.

Firstly, I think this is somewhat a loaded question as it suggests that this is already a done deal. Although, I do concede this is the likely direction things are moving in. In this case, it would be my view to just keep it simple and call it "Kere Kere - Miranui Ward". One advantage of this is that it is easy to split the wards again, if at some time in the future another representation review calls for this course of action.

Section 4 - What do you think the name should be for the newly established Maori Ward.

Again, this question already supposes there will just be one. As for the name of any Maori ward(s), I honestly don't have any idea of what the name(s) should be. I think this would be best resolved by consultation with the Iwi leaders.

Submission form - Te puka tāpaetanga

We want to hear your feedback on Horowhenua District Council's Representation Review through the submission process.

Submissions close 5:00pm Monday 20 September 2021.

Organisation: Foxton Community Board (The Board)

Phone number: David Roache: Work 06 363 8363; Tricia Metcalf: 021 44 77 11

Attachment: Names, addresses, signatures and opinions of 130 residents

Council Structure

Current:

- 10 General Ward from 4 wards
 - 2 Kere Kere
 - 1 Miranui
 - 5 Levin
 - 2 Waiopahu

Plus 1 Mayor elected at large

Council Proposal:

9 Councillors in total:

- 8 General Ward from 3 wards
 - 2 Kere Kere/Miranui
 - 4 Levin
 - 2 Waiopahu

• 1 Maori Ward – from one district wide

Plus 1 Mayor elected at large

 **We SUPPORT the proposed representation arrangements for the Council, for the 2022 elections, with regards to the merging of the Kere Kere/Miranui Wards**

Miranui Ward has a large physical area with only one Councillor. Historically the residents in the outlying areas of Opiki and Tokomaru feel under-represented. Merging the Miranui Ward with Kere Kere Ward, will give the total area the benefit of three Councillors to support the whole area.

 **We OPPOSE the proposed representation arrangements for the Council, for the 2022 elections, with regards to 2 Councillors for the Kere Kere/Miranui Ward** – Please tell us why (and include alternative you would think could work better)

Meaningful representation would be increasingly difficult for the outlying areas with only two councillors for the entire merged ward.

While the Board acknowledges the challenges of sparsely populated areas, we feel the needs of our communities are important.

The Board perceives the merging of the wards as strengthening the representation in Miranui. However only two councillors for the enlarged area would only exacerbate the feeling of under representation. The Board would rather err on the side of over-representation rather than under-representation.

The merging of the two northern wards, will only work with three Councillors.

Suggested Name for Merged Ward

- Kere Kere/Miranui (keep it simple)

We OPPOSE the proposed representation arrangements for the Council, for the 2022 elections, with regards to 1 District Wide Maori Ward— Please tell us why (and include alternative you would think could work better)

- We feel that a single representative would be a set up for failure, due to the size and spread of Iwi population. We reiterate, the Board would rather err on the side of over-representation rather than under-representation.
- The Board supports 2 district wide Maori Councillors.

We OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections – Please tell us why (and include alternative you would think could work better)

The Community Boards seeks to extend the Boundary of the Foxton Community Board - see figure 1

- Due to our region's growth, the current boundary of Foxton Community Board excludes large parts of the Foxton/ Foxton Beach.
- Under these circumstances and with support from Horowhenua District Council, the Board seeks to expand it's boundary to now include all residents who have a relationship with Foxton/Foxton Beach.
- Consequently, bringing in all residents who have a "community of interest" inside the recommended boundary.

Public Consultations see figure 2 for results + attached Signatures

Being aware that many residents find it difficult to make a submission to Council. The Community Board decided to call on as many households as possible, in the proposed boundary expansion area, to learn of their views.

Our elected Board Members found that many households were under the impression that coming under the jurisdiction of the Foxton Community would mean a zone change and an increase in their rates. When they were reassured that this was not the case, 96% of the people we spoke to were happy to be part of our "Community "

The comment was often "it is odd that we are not included already "

And they were delighted with the prospect of being able to have a voice at election time; to stand for the Board and to vote for their preferred candidates.

In the interest of integrity the Board obtained a signature from each household as a de-facto submission. In effect the Board's submission represents the 130 households that were visited and signed their name beside their opinion.

- Most residents ie 125 out of 130 (96%) welcomed the idea, and are looking forward to being included. Three people did not support and two people were undecided

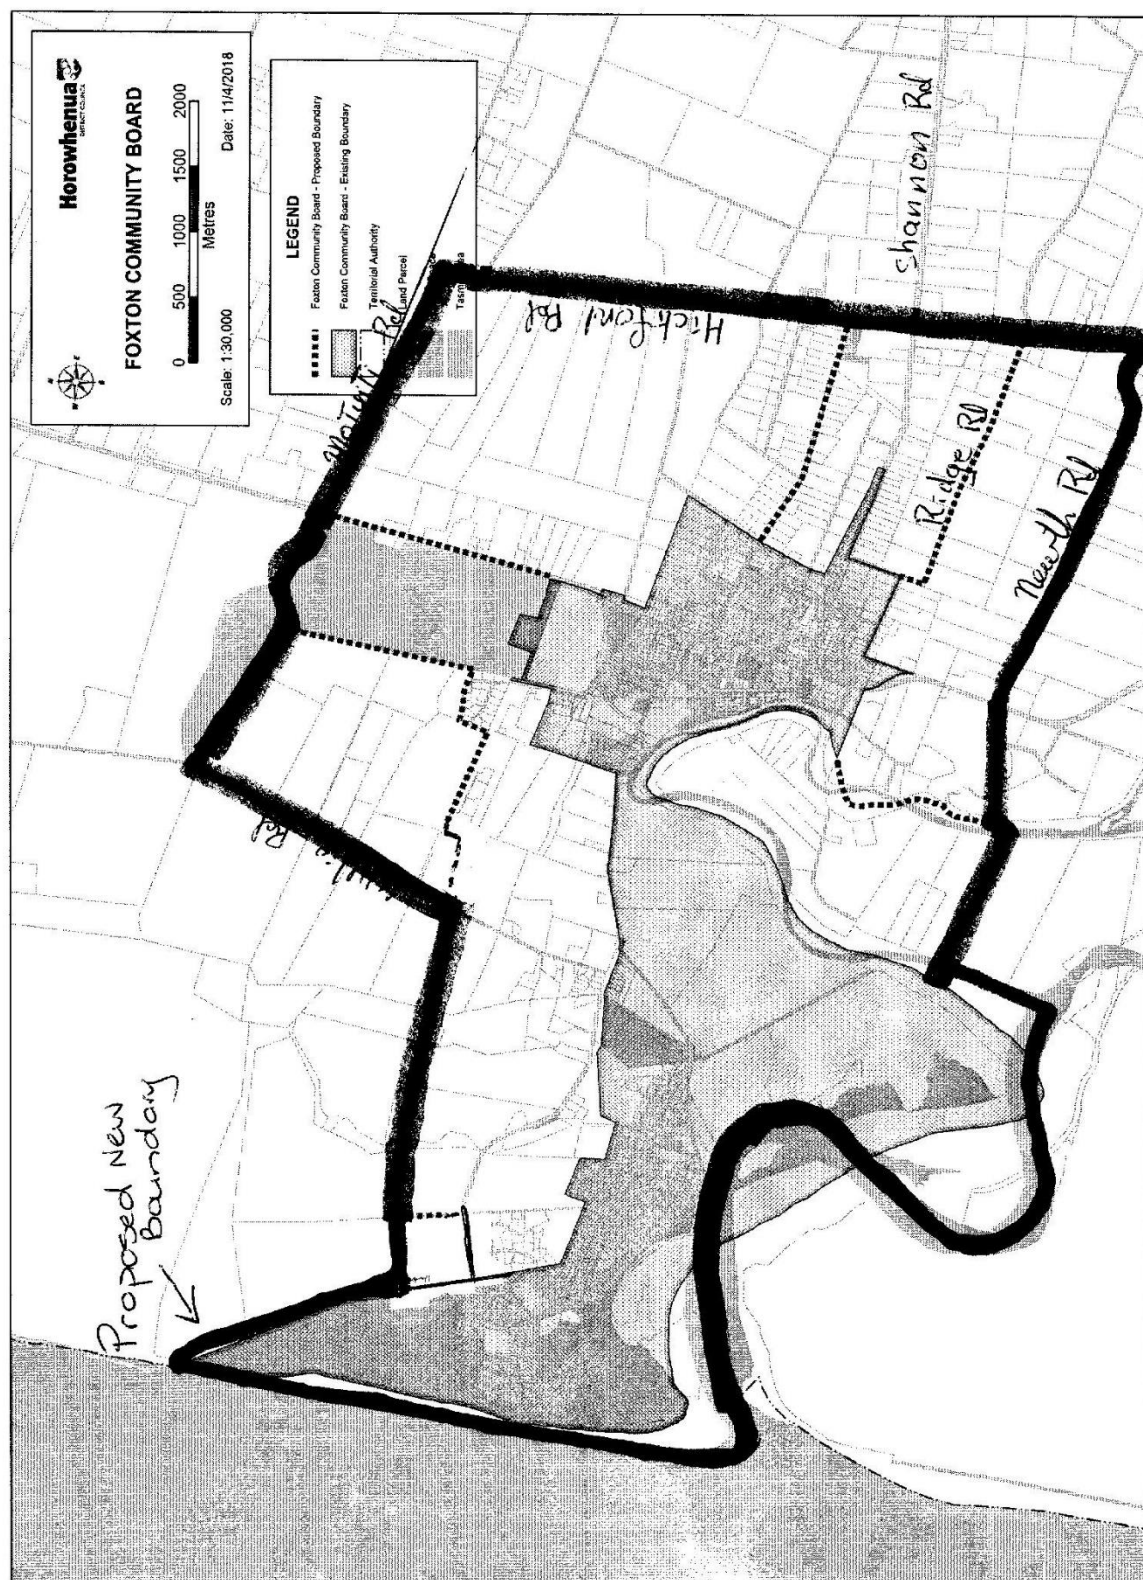

There were 22 additional approvals that were not counted because only one member of the house hold signed the form.

Hearings

Yes, we do wish to speak in support of our submission

Representation Review 2021 - Submission Form | Te puka tāpaetanga

Submission date: **4 October 2021, 5:50PM**

Receipt number: **95**

Related form version: **2**

We want to hear your feedback on Horowhenua District Council's Representation Review through the submission process. Submissions must be provided to Council by no later than **5pm on Wednesday, 6 October 2021**.

Pursuant to the Local Government Act 2002 and subject to the Local Government Official Information and Meetings Act 1987, all submissions shall be made available to the public and will be part of a public agenda.

If you require further information please visit www.horowhenua.govt.nz/YourChoice2021, email us at repreview@horowhenua.govt.nz or call us on (06) 366 0999.

Email: **koautopapa2@hotmail.com**

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better): **The proposed ratio of one Maori Ward represented by a sole member is a joke. There is no way we would be represented fairly by one voice.
Definitely more Maori to be added to the table.**

Proposed representation arrangements for the Foxton Community Board: **I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better): **Once again. A sole voice is not good enough for the Maori constituency.**

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **N/A**

What do you think the name should be for the newly established Māori Ward? **N/A**

Additional Comments

Please identify any additional comments you have on the Representation Review Initial Proposal Document: **I think its crazy to try merge and further leave the community of Miranui out in the cold. Look at how poorly we are supported resource and asset wise in Shannon.
We get asked to pay rates but in my opinion lack any real value in return**

Attach any other comments:

Hearing of Submissions

You're welcome to speak to the hearings in support of your submission – please indicate below whether you wish to do so.

Hearings are scheduled for Wednesday 20 October 2021.

Hearings:

No, I do not wish to be heard in support of my submission

If yes, you'll be contacted to arrange a convenient time. Please ensure your contact details are correct.

Privacy Act 1993

Submission to Horowhenua District Council

REPRESENTATION REVIEW

From : Patrick Thomas
21/91 Mako Mako Road Levin 5510
Ph 0272368226
Email: carolandpat@xtra.co.nz

TRACKSIDE VILLAS :Trackside Villas

Proposal

That 91 Mako Mako Road and all 59 units attached to that address (numbers 1 - 59 inclusive) be transferred to the Levin Ward for local body electoral purposes. This proposal requires the boundary between the Levin and Waiopahu Wards to move slightly south.

Background

Historically this area was part of the Levin Racing Club. There were no residential or other buildings on this part of the property and it was included in the rural Waiopahu Ward. The part of the area that is covered by the address at 91 Mako Mako Road later became the property of the Levin Track Charitable Trust. A private residential complex, Trackside Village, was subsequently developed on the site by the Trust. However up until now it has remained as part of the Waiopahu Ward

Reasons for Change

Trackside Village is now fully developed and occupied. It consists of 59 dwellings accommodating around 85 residents. The complex has its own roads, street lighting, storm water systems and other infrastructure and services normally associated with town/city living. It has completely lost its rural nature.

In addition the residents belong to and attend Levin churches, clubs and pubs and belong to Levin town based organizations. Their retail spending is within Levin town and they use Levin services including, Library, pool, sports and other facilities. Their community of interest is clearly Levin based rather than the surrounding rural area encompassed by the the Waiopahu Ward.

The residential properties adjacent to and across the road from 91 Mako Mako are included in the Levin Ward.

Support for Change

Residents of Trackside Villas were canvassed for their views through email. Not all residents have email though. Of the 85 residents the email survey connected with 65 residents. Of these 32 (almost 50%) responded in support of the changes. One indicated he did not favour the change. The rest did not respond or abstained. It can therefore be assumed that the majority either support the change or simply do not have a view with only a very small minority being opposed.

Recommendation

It is therefore recommended that the boundary between the Levin and Waiopahu Wards be adjusted so that 1 - 59 Villas at 91 Mako Mako Road Levin are in the future part of the Levin Ward for local body electoral purposes.

NOTE: I am available to speak to the submission if that is required.

Your Submission

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better):

We wish to ensure that there is rural representation for the rural rate payers in the district. The Rural Ratepayers are a small group number wise that hold the majority of the land. There is a major population of urban dwellers in the Horowhenua and we do not want to see an urban/rural divide created. The Urban dwellers are more concerned with drinking water, waste water and storm water as opposed to the Rural ratepayers concerns which are district wide. The Rural ratepayers do not want to be overly burdened with the cost of urban community infrastructure. Therefore we would like to see the retention of 5 Councillors over the areas of Miranui/Kere Kere and Waiopahu. These wards do contain larger urban settlements of Foxton/Foxton Beach and Shannon and the smaller settlements of Ohau, Manakau, Waitarere Beach etc and therefore Councillors need to not only represent the urban but also the rural voters. It became obvious approx 10 years, since our involvement in the Council annual plan submission process that there had been a significant shift of urban costs onto the rural ratepayer. We are concerned that a dilution of rural representation will lead to more urban costs being pushed onto rural ratepayers

Proposed representation arrangements for the Foxton Community Board: **I SUPPORT the proposed representation arrangements for the Foxton Community Board, for the 2022 elections**

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better):

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward? **Because this move will dilute the rural representation on Council**

What do you think the name should be for the newly established Māori Ward? **Horowhenua**

Submission form - Te puka tāpaetanga We want to hear your feedback on Horowhenua District Council's (HDC) Representation Review through the submission process.

Submissions close 5:00pm Wednesday 6 October 2021.

Full Name: Brett Russell

Address: 33 Andrews Street, Foxton Beach

Postal code: 4815

Phone number: 021 499 224

Organisation: Foxton Beach Progressive Association Incorporated (FBPAI)

At the outset FBPAI acknowledges it is important that everyone in the Horowhenua feels represented fairly and effectively going forward. It is noted too that in accordance with the section 19V(2) of the Local Electoral Act 2001 the population that each Councilor represents must be within the range of 3,878, +/- 10% (3,490 to 4,266) ***unless particular communities of interest justify otherwise.***

We OPPOSE the proposed arrangements for the Council, for the 2022 elections in light of our comments below

We OPPOSE the combining of the Kere Kere and Miranui Wards and recommend the status quo be maintained.

With respect to the Kere Kere Ward it is recommended that we retain our two elected Council members especially given current growth projections and developments underway. For example, once constructed, the Otaki to North Levin highway will see Foxton and Shannon each becoming the first towns on the State highway after the express way when travelling north from Wellington. Furthermore, under the Foxton Beach/Te Wharangi Community Plan we need our two elected Council representatives to continue to champion at Council level the operation of viable business and economic resilience within our community; help protect and enhance our environment; assist in maintaining our unique laid-back beach lifestyle with safe, balanced, affordable, diverse, livable and environmentally sustainable neighborhoods together with recreation and open spaces that appeal to residents and visitors alike. Our particular communities of interest warrant this outcome and nothing less will do.

Given the large physical area that the current Miranui Ward comprises It is recommended the retention of one Councilor specifically from within the current boundary of the existing Ward. It is well known that Opiki and Tokomaru have long felt underrepresented and these communities would benefit from the retention of an elected member from within the existing Miranui Ward boundary. The particular communities of interest justify this approach given their aborted attempt earlier this year to secede from Horowhenua and join the Manawatu district due to this underlying feeling of lack of proper representation and appreciation from within our district to date. It is self-evident moreover that further work to gain enhanced support is most assuredly required and is no doubt being undertaken by the currently elected Councillor in this regard. It is therefore best if this continues into the future and certainly for the 2022 upcoming elections.

We SUPPORT the establishment of a new Māori Ward in the Horowhenua District.

Such a ward will help bring forward the views and aspirations of Whānau, Hapū and Iwi on Council matters. However, to help to ensure local decision making is fairer and more inclusive FBPAI recommends no less than two members/Councillors should be able to be elected in this ward. This is warranted given the size of our district 1,063.60 km² and the diverse and complex iwi relationships here involving: Ngāti Raukawa; Ngāti Whakare; Rangitāne o Manawatū; Muaūpoko interests respectively. It should also be up to the two elected members in consultation with iwi and Council colleagues to determine how the Horowhenua Māori should best be managed.

We are unsure what the ward should be called but are confident there will be plenty of suggestions from within other submissions and/or the community at large.

In light of our unique set of circumstances in the Horowhenua in our view the Wards and Electoral Populations for the 2022 elections should therefore comprise:

Ward	Population	Members (Councillors)	Population member per
Miranui	2840	1	2840
Kere Kere	5480	2	2740
Levin	15797	4	3949
Waiophu	6903	2	3452
Māori	5060	2	2530
Total	36080	11*	

*NB Excluding the Mayor we currently have 10 elected members.

WE SUPPORT the proposed representation arrangements for the Foxton Community Board, for the 2022 elections with ONE EXCEPTION which relates to the Community Board's boundaries.

The Foxton Community Board is only the community board in the Horowhenua District. It comprises five elected members from within the Foxton and Foxton Beach communities. It performs such functions and powers as are delegated to them by Council. These include, for example, recommendations to Council on local projects that warrant funding contributions from the Foxton Beach Freeholding Account.

The Community Board's boundaries are as established in 1989. Since then, however, both Foxton and Foxton Beach have grown significantly. As a result, FBPAI is aware, the Community Board proposes a

new Foxton Community Board Boundary to take into account the increased growth of the last 32 years. Attachment 1 refers.

The wording of the Council's representation review submission form relating to this aspect of the representation review is overly simplistic since it presents the options of either SUPPORT or OPPOSE "the present representation arrangements for the Foxton Community Board." These present arrangements do not take into account all the growth that has occurred nor as a result the need for an expanded Community Board boundary compared with its current boundary.

It is not surprisingly that in such circumstances anecdotal evidence on those submissions Council has received recently do not touch on this at all or if they do they have typically opposed the Board increasing its boundary. Further anecdotal evidence indicates that such submissions may well have come from farmers and others who erroneously fear their rates will increase if the Foxton Community Board has its boundary increased. This perception also runs counter to recent work undertaken by the Community Board to sound out community feeling on this through face-to-face visits to a number of local households. This resulted in an overwhelming 96% of responders welcoming the idea and who are looking forward to being included.

The word democracy means a system of government by **the whole population** (and not just some) through elected representatives. It is morally wrong and antidemocratic if HDC did not endorse the Community Board's proposed expanded boundary. To exclude part of our population whether they reside in Foxton or Foxton Beach from participating in the 2022 elections for the Foxton Community Board is totally unjustifiable. It would certainly go against the aim of this representation review that everyone (in the current Foxton and Foxton Beach communities included) feels fairly and effectively represented going forward.

FBPAI recommends HDC endorse the proposed new Foxton Community Board boundary accordingly.

Proposed representation arrangements for the Council: **I OPPOSE the proposed representation arrangements for the Council, for the 2022 elections**

Please tell us why (and include any alternative you think could work better):

Tuatahi, he mihi nui ki a Robert Ketu mō to mahi kairangatanga i Miranui. Te tohu o te rangatira, he manaaki. Tēnā koe.

E ngā rangiatira, tēnā koutou

I don't believe the revised representation arrangement will provide adequate representation equally across wards. The numbers game can disadvantage those most needing a voice while privileging those who have greater representation (those in areas with a greater population). While Councilors theoretically serve the wider region - in actuality this does not always happen, ie when did Shannon or Tokomaru have a visit from the Councilors based in Foxton? There maybe another way to get more actual representation - and that is moving away from the mesh blocks to 2 representatives from each Maori, rural, township, coastal communities. This would ensure a greater representation. I would like to see a minimum of two Maori ward councilors. The councilor I spoke to at one of the pop ins told me the councilors had never been so busy. Reducing council numbers (while increasing remuneration), is a strange and ineffective remedy for this issue.

The amalgamation of Kere kere and Miranui wards is a slap in the face especially for Tokomaru and Opiki who already are feeling the sting of not being listened to. There is a strong sense of identity in the Miranui Ward. If the council were to adopt another method of representation such s suggested above these small but important communities would likely have a sense that they are represented and have a voice at the table. kere Kere has higher numbers and will therefore annul the vote of local Opiki, Tokomaru and Shannon residents. Strength in numbers is not a good measure of equality, equity and fairness.

Proposed representation arrangements for the Foxton Community Board:

I OPPOSE the proposed representation arrangements for the Foxton Community Board, for the 2022 elections

Please tell us why you support/oppose the proposed representation arrangements (and include any alternative you think could work better):

That Foxton has the luxury of a community board while other communities do not is an issue. Foxton already has two councilors and the cost is a large burden.

Any name change needs to be discussed (and I would hope), gifted by local iwi.

It would be great to see a review that really looks at what is best for the wider community that considers the various needs and flavors of the communities in Horowhenua.

Do you agree with combining the Kere Kere and Miranui Wards? **No**

What do you think the name should be for the combined Kere Kere-Miranui Ward?

I have already spoken to why I don't agree they are combined. In the event it goes ahead, iwi should be at the forefront of naming the new ward.

What do you think the name should be for the newly established Māori Ward?

This question needs to be taken to the appropriate hapu and iw for consideration.

T. J. Hemmingsen

SUBMISSION TO:

**HOROWHENUA DISTRICT COUNCIL
REPRESENTATION REVIEW PROPOSAL**

Name: Mr Terry Hemmingsen (President)
Organisation: Horowhenua Grey Power Association Inc.
Address: 635 Queen Street, Levin 5510
Telephone: 0274-805-834 (Mobile)
Email: terry.hemmingsen@gmail.com

Preamble:

I am the duly elected President and Representative tasked with the responsibility by the 500+ members of Horowhenua Grey Power. (July 2021)

In preparing this Submission we have considered the proposal as set out in the Council's paper, "Representation Review - Initial Proposal 2021". And subsequently to the pages contained within the August "Community Connections".

We note that the Council is required to "review their representation arrangements at least once every six years to achieve fair and effective representation".

Submissions:

Fair and Effective Representation:

- 1) In essence Horowhenua Grey Power believes that for the most part, what is being proposed in terms of the 9 councillors in total – 8 general ward councillors elected from 3 general wards, 1 Māori ward councillor elected from one district wide ward, plus the Mayor elected at large, is both fair and equitable when considering the population base residing in each of the mesh-block units.
- 2) However, in considering the document entitled, "Representation Review – Initial Proposal 2021" and the similar pages from the "Community Connections", we believe that the documents as presented to us, provide for little more than a 'tick-box' exercise. The documents appear to indicate a level of discrimination and inequality in that only one ward-of-four has provision made for a Community Board.
- 3) Where there is a high level of inequality and a lack of democratic representation is that the

the active organisation for those aged 50 plus

- 4) communities of Foxton and Foxton Beach have a properly elected Community Board contained within the proposed new Kere Kere – Muranui Ward, whereas the people in the other wards have no such representative structure.
- 5) In fact, one half of the proposed Kere Kere – Muranui Ward appears to have a Community Board and the other half, around Shannon, Tokomaru and Opiki does not. How is that fair and equal representation?
- 6) It is our considered opinion that what is currently being proposed is neither fair, effective or reasonable representation for those people who do not have such a representative structure.
- 7) It is also Grey Power's understanding that all of the rate payers of the Horowhenua District are contributing to the administration costs for the running of the Foxton Community Board.
- 8) What is also apparent is that within the proposed Kere Kere – Muranui Ward, the people of Foxton and Foxton Beach are well represented at Council and through their Community Board, whereas the people of Shannon, Tokomaru and Opiki will lack that same level of representation even though they will, under this proposal, be residing in the same newly established ward. That is neither fair nor equitable and appears to move away from the concept of Communities of Interest.
- 9) In considering the Waiopahu Ward, the issue of Communities of Interest once again comes into question. We note in the Representation Review document that Communities of Interest are determined by far more than whether or not they are urban or rural. The Local Government Commission recognises a group of six criteria as forming the basis of Communities of Interest, "Geographical Features – Economic Activities – Shared Facilities and Services – Distinctive History – Community Activities and Focal Points – The rohe or takiwa of Local Iwi.
- 10) On that basis alone we can see little by way of, as an example, the community of interest between Waitarere Beach, Hokio Beach and Waikawa Beach other than perhaps they share a joint coast line, albeit several kilometres apart. It is quite a stretch to think that those three beach communities share any form of common interest when it comes to economic activities, shared facilities and services or community activities and focal points. As for a distinctive common or shared history there is little to no way of binding those communities together.
- 11) A similar linkage between the communities of Foxton, Foxton Beach, Shannon, Opiki and Tokomaru, other than through the rural nature of the wider community and the common history of flax milling and processing in the late 1800's and early 1900's, is difficult to substantiate.
- 12) In considering the Levin Ward and the proposed changes to the east of Levin; which in essence we support, the majority of the criteria set out for a community of interest can be seen. However, with the changes to be made to include a Maori ward we may well see a dynamic shift in the demographics in the Levin ward. There are within the Levin ward a number of diverse groups who play a major part in the fabric of the community. All of these groups are working for the benefit of the wider community but they all have different agendas, many of which cannot be met due to the current representation model. A simpler and more effective model needs to be found so that these groups and their members can, at the very least, have some say in how they are governed.
- 13) Let us also look at the proposed Maori ward which, as explained in the documentation is a district-wide ward. It is our understanding that within the boundaries of the proposed new Maori ward there are at least three Iwi, numerous Hapu and quite a number of tribal and family-based Marae. In an area of some 1,064km² that makes up the Horowhenua District, containing some many interesting and diverse groups, how can one District Councillor hope

to represent all of the many and varied interests? The answer is, one person can simply hope to represent such a wide and varied constituency.

So where to from here?

Recommendation:

We sincerely believe that there are two options to consider;

EITHER:

That the Foxton Community Board be disbanded completely, thereby putting the proposed Kere Kere – Muranui Ward on the same footing as the other three wards, with the only method of representation for the residents and ratepayers of the Horowhenua being directly through their elected District Councillors.

Horowhenua Grey Power does not favour this option. It may save money in the short term. But will result in a lower level of community input when it comes to making decisions for and on behalf of the residents.

OR:

Create a Community Board in each of the four wards, with Board members being elected at the same time as District Councillors, at the Triennial Elections.

Horowhenua Grey Power wishes to add the additional suggestions to accompany this recommendation;

- 1) We note that the under the terms of the Local Electoral Act 2001, sec 19F (1);
- 2) Every Community Board –
 - (a) is to consist of not fewer than 4 members nor more than 12 members; and
 - (b) is to include at least 4 elected members; and
 - (c) may include appointed members.
- 3) In the case of the Kere Kere – Muranui Ward, we would strongly suggest that each of the communities within the ward have five elected members, one from each of the townships named; Foxton, Foxton Beach, Shannon, Tokomaru and Opiki – with a further three members from the rural areas contained within the Ward Boundary being elected at large and one member being appointed by the territorial authority, namely the Horowhenua District Council.
- 4) In the case of the Waiopahu Ward, we would strongly suggest that each of the communities within the ward have five elected members, one from each of the townships named; Waitarere, Hokio Beach, Waikawa Beach, Manakau and Ohau – with a further two members from the rural areas contained within the Ward Boundary and a further one member from the Speldhurst community, being elected at-large and a further one member being appointed by the territorial authority, namely the Horowhenua District Council.
- 5) In the case of the Levin Ward, we would suggest that the ward have eight elected members, elected from the community at-large with a further one member being appointed by the territorial authority.
- 6) In the case of the Maori (or Horowhenua) Ward, we would recommend that the choice of members should be determined by the local Iwi / Hapu who may choose to elect their members as they see fit, but ensuring that there are not more than 12 members and that the number of appointed members is to be less than half of the total number of members.
- 7) In the case of each of the four wards, any person who is appointed as a member of the community board must – also be a member of the territorial authority representing the ward in which the community is situated.

As previously stated, in essence; what Horowhenua Grey Power is seeking through this submission is that each of the Wards should be treated equitably and be given the opportunity to have a locally elected Community Board that fairly represents the needs, wants and interests of the local "community of interest.

Yes, of course there will be a cost to providing the Community Boards. But the question is; What price do you put on democracy?

Terry Hemmingsen
